HOPKINTON ANNUAL TOWN REPORT 1983

UNIVERSITY OF NEW HAMPSHIRE
LIBRARY

HOURS OF TOWN OFFICES

The Selectmen's Office, Town Hall, Main Street, Hopkinton Village, is open the following days and hours unless posted otherwise:

Monday-Friday

8:30 A.M. — 4:30 P.M.

Telephone Number 746-3170

It is requested that anyone wishing assistance with Town affairs please contact Terry Clifford at the office Monday-Friday. The Board of Selectmen meets every Wednesday evening beginning at 4:00 unless otherwise posted. Meetings are scheduled every other week during the summer months.

For information pertaining to tax maps, deeds, assessments and property transfers, contact Olive Moyer at the office on Monday or Friday. Questions concerning accounts payable, receivable or payroll should be addressed to Nancy Remick at the office Tuesday thru Thursday.

Margie Astles will be in the office on Monday and Tuesday to assist with questions or concerns relevant to planning and zoning.

Terese (Terry) Clifford, Assistant to Selectmen 746-3170

Olive Moyer, Assessing Assistant 746-3861

Nancy Remick, Bookkeeper 746-3170

Margie Astles, Secretary to Planning and Zoning Board of Adjustment 746-3170

The Town Clerk's Office, Fountain Square (Johnson & Porter Building) Contoocook, is open the following days and hours unless posted otherwise:

Monday-Friday

8:30 A.M. — 5:00 P.M.

Telephone Number 746-3180

Thomas H. Johnson, Jr., Town Clerk

The Tax Collector's Office, Fountain Square (Johnson & Porter Building) Contoocook, is open the following days and hours unless posted otherwise:

Monday-Friday

8:30 A.M. — 5:00 P.M.

Telephone Number 746-3179

Sue B. Strickford, Tax Collector

Cover drawing by Paige Kingsley, a senior at Hopkinton High School. The subject of this, the third in a series of pen and ink drawings, is the Rowell Bridge.

The Selectmen greatly acknowledge the work of Miss Kingsley and extend their thanks to her instructor, James Kociuba.

TOWN OF HOPKINTON

1984 Town Meeting

This flyer serves to further explain and clarify certain Warrant Articles to be voted on at Town Meeting.

Toni Gray, Stanley White, Bob York, The Selectmen

March 13th, Tuesday - Hopkinton Town Hall - Ballot vote
8:01 a.m. - 6:00 p.m.

Article 2. This article contains a number of proposed amendments to the Town Zoning Ordinance. These changes are aimed at removing ambiguous language in the present ordinances and, in some instances, making certain requirements easier to meet in order to cut down on unnecessary red tape.

Article 3. At present a homeowner in Hopkinton may claim 100% of the cost of a solar energy heating or cooling system as a permanent exemption on their property tax assessment. The Selectmen have received exemption requests ranging from \$800.00 to \$28,000.00. We believe the use of solar energy should be encouraged but tax incentives must be kept within reasonable bounds since it is all the taxpayers who must absorb the cost of an exemption. We are therefore proposing a ceiling of \$5,000.00 on this exemption.

March 14th, Wednesday: Hopkinton High School Gym 6:00 p.m.

Article 4. For the last five (5) years the Town has been buying gravel for road construction from a pit situated on the Anderson lot on Patch Road. We use about 7,000 yards a year at an annual cost of approximately \$5,000.00 (\$.75 per yd). This land and pit is now for sale with the Town being offered the right of first refusal. We believe it is extremely important that the Town vote to approve acquisition of this land for the following reasons:

1. Bank Run Gravel of road-ready quality is increasingly difficult to obtain. This is the only pit in Hopkinton which can provide this type of gravel. Gravel from other pits in Town must be crushed at an additional cost of \$3.50 per yard.
2. We have been quoted a price of \$3.75 per yd. for Bank Run Gravel, when and if available, from pits outside of Town.
3. The Patch Road pit has an estimated useful life of 20 to 25 yrs.
4. The Road Agent believes that without the continued use of gravel from this pit, road work would have to be curtailed by at least one-third per year because of increased costs.

WE URGE YOU TO SUPPORT THIS ARTICLE.

This requires a 2/3 majority vote
by yes/no ballot.

The polls will be open for one hour following discussion on this Article.

HOURS OF TOWN OFFICES

The Selectmen's Office, Town Hall, Main Street, Hopkinton Village, is open the following days and hours unless posted otherwise:

Monday-Friday

8:30 A.M. — 4:30 P.M.

Telephone Number 746-3170

It is requested that anyone wishing assistance with Town affairs please contact Terry Clifford at the office Monday-Friday. The Board of Selectmen meets every Wednesday evening beginning at 4:00 unless otherwise posted. Meetings are scheduled every other week during the summer months.

For information pertaining to tax maps, deeds, assessments and property transfers, contact Olive Moyer at the office on Monday or Friday. Questions concerning accounts payable, receivable or payroll should be addressed to Nancy Remick at the office Tuesday thru Thursday.

Margie Astles will be in the office on Monday and Tuesday to assist with questions or concerns relevant to planning and zoning.

Terese (Terry) Clifford, Assistant to Selectmen 746-3170

Olive Moyer, Assessing Assistant 746-3861

Nancy Remick, Bookkeeper 746-3170

Margie Astles, Secretary to Planning and Zoning Board of Adjustment 746-3170

The Town Clerk's Office, Fountain Square (Johnson & Porter Building) Contoocook, is open the following days and hours unless posted otherwise:

Monday-Friday

8:30 A.M. — 5:00 P.M.

Telephone Number 746-3180

Thomas H. Johnson, Jr., Town Clerk

The Tax Collector's Office, Fountain Square (Johnson & Porter Building) Contoocook, is open the following days and hours unless posted otherwise:

Monday-Friday

8:30 A.M. — 5:00 P.M.

Telephone Number 746-3179

Sue B. Strickford, Tax Collector

Cover drawing by Paige Kingsley, a senior at Hopkinton High School. The subject of this, the third in a series of pen and ink drawings, is the Rowell Bridge.

The Selectmen greatly acknowledge the work of Miss Kingsley and extend their thanks to her instructor, James Kociuba.

Article 5. At a Special Town Meeting, Jan. 25th, 1977, an article was passed "to adopt the provisions of RSA 252.(supp) with relation to sidewalks and sewers". Part of this law deals with the regulation of sewage treatment facilities, including sewer ordinances. The Town Meeting article goes on to state "no ordinance or by-law or amendment thereto, proposed by the selectmen or sewer commission shall be effective until it has been approved by a majority vote at a regular or Special Town Meeting".

To meet the requirement of this latter section the selectmen have included the Sewer Ordinance as an article to be voted on by Town Meeting. However, we have been informed by our legal counsel that it is the Board of Selectmen and not the Town Meeting, which is solely empowered to enact a sewer ordinance per RSA 252(supp) revised RSA 149-I. For this reason the selectmen will listen to public debate on the ordinance and take under consideration suggestions and recommendations but NO VOTE will be taken on the proposed ordinance.

Article 6. The present Sewer Committee was appointed to "advise and counsel the Selectmen regarding the planning and construction of the (Sewage) facility and any proposed sewer ordinance". Construction of the Sewer project is expected to be substantially completed by late fall 1984 and when the final E.P.A. audit has been done the present committee will be dissolved. In the meantime it is necessary to form a new Committee responsible for overseeing the operation, maintenance and general administration of the system when it begins operation. The proposed new Committee would probably be appointed during the summer of 1984.

Article 7. The Municipal Operating Budget has increased 3.6% from last year.

Article 11. This bridge and road work is the continuation of a project started by the Town in 1983. The section of Stickney Hill involved this year is particularly dangerous because the road narrows to a 12 foot road base as it passes over the present Stickney Hill Road Bridge. The proposed work entails installing a 10 ft. 1 inch by 6ft. 9 inch galvanized steel culvert at the bridge, widening the road to 24 feet, rebuilding 500 ft. of road and installing steel beam guards. Because the size of the culvert technically qualifies it as a bridge the Town will receive matching funds from the State, who will also be responsible for engineering, construction and inspection.

Article 12. Cedar Street is in a particularly poor state of repair due to an inadequate storm drain system and a road base too narrow to handle the present traffic. The ideal time to correct these problems is this year when the road will be torn up for sewer pipe installation.

Article 21. This year the cost of printing property tax assessments in the Town Report was approximately \$5,000.00. This information has been printed every three (3) years. The Selectmen are proposing it be published every five (5) years in order to save substantial tax dollars. Should this article pass a re-assessment booklet would be sent to all property owners at the time of revaluation, next due 1991, and publication of all assessments (including new houses and any reassessments) would be included in Town Report 1996 in order to establish the five year cycle.

WARRANT FOR THE 1984 ANNUAL TOWN MEETING

THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 8:01 A.M. to 6:00 P.M.

To the Inhabitants of the Town of HOPKINTON, in the County of MERRIMACK, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said HOPKINTON on Tuesday, the 13th day of March, 1984 next, at 8:01 o'clock in the forenoon to act upon the following subjects:

ARTICLE 1. To choose all necessary Town Officers for the year ensuing.

ARTICLE 2. To see what action the Town will take with respect to eleven amendments of the Town Zoning Ordinance prepared by the Town Planning Board by voting by ballot upon the following questions:

1. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

LOT: Add at end of paragraph "(see section 9:03)"

Yes ☐ No ☐

2. Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

LOT, NON-CONFORMING: Add at end of paragraph "(see section 9:03)"

Yes ☐ No ☐

3. Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

SIGN, SURFACE AREA OF: Delete in its entirety.

SUBSTITUTE:

SIGN, SURFACE AREA OF: For a sign either free standing or attached. The area shall be considered to include all lettering, wording and accompanying designs and symbols, together with the background, whether opened or enclosed on which they are displayed, but not including any supporting framework and bracing which are incidental to the display itself. The surface area of a freestanding or two-sided sign shall be calculated for only one side of the sign, as herein described in order to meet the requirements of the Ordinance.

Yes ☐ No ☐

4. Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

SIGNS (section 7:00)

DELETE: The surface area of a sign shall mean the part of a sign visible from outside the premises where it is located, but shall not include both sides of a sign erected perpendicularly to a highway and either used or capable of being used to carry advertising or other messages.

Yes ☐ No ☐

5. Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Principal Uses	Residential		Business		Mixed
	R-1	R-2	R-3	B-1	M-1
AGRICULTURAL					
8. Detached building clearly related to and necessary for the principal use of a commercial farm.	P	P	P	P	P
9. Agricultural Sileage Storage Exceeding the maximum zone height.	S	S Yes <input type="checkbox"/>	S	S	S No <input type="checkbox"/>
6. Are you in favor of the adoption of Amendment No. 6 as proposed by the Planning Board for the Town Zoning Ordinance as follows:					
HOME OCCUPATION #1	R-1	R-2	R-3	B-1	M-1
	S	S Yes <input type="checkbox"/>	S	S	S No <input type="checkbox"/>

7. Are you in favor of the adoption of Amendment No. 7 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

TABLE 2 USE REGULATIONS

Accessory Uses

ADDITION-

Accessory building such as a private garage, playhouse; "woodshed;" greenhouse; toolshed; private swimming pool; or similar accessory structure or addition "normally associated with a residence or residential use "-subject to provisions of Section 6:00

Yes ☐ No ☐

8. Are you in favor of the adoption of Amendment No. 8 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

REDUCTION OR INCREASE

1. Delete "or building area" and substitute in its place "or coverage on the lot."

Yes ☐ No ☐

9. Are you in favor of the adoption of Amendment No. 9 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

10.11 Delete in its entirety and substitute

Variances. The Board of Adjustment may authorize upon appeal a variance from the term of the ordinance. In doing so, the Board must be satisfied that the applicant has proven the following conditions exist in his case:

1. No decrease in the value of surrounding properties would be suffered;

2. Granting the variance would be of benefit to the public interest;

3. By granting the variance, substantial justice will be done;

4. The use must not be contrary to the spirit of the Ordinance;

5. Denial of the variance would result in an unnecessary hardship to the applicant.*

* An unnecessary hardship results only if the particular *property* is unduly restricted by the term of the Ordinance because of special conditions unique to that *property* which distinguished it from all

other properties similarly restricted. It is not uniqueness of the plight of the owner, but the uniqueness of the *land* causing the plight that is the criterion for unnecessary hardship. A variance is granted with respect to a piece of property and not with respect to the personal needs, preferences and circumstances of a property owner.

The ability to use land for a particular purpose is irrelevant in determining whether a variance should be granted as is a showing of a personal economic hardship. Absent any showing of hardship due to uniqueness of the property, a variance cannot be granted.

Yes ☐ No ☐

10. Are you in favor of the adoption of Amendment No. 10 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

10.12 Delete in its entirety and substitute

Special Exception. General Conditions:

All uses requiring a Special Exception are judged by the Board of Adjustment on a case by case basis. In granting a Special Exception the Board must be satisfied that the applicant has proven the following conditions exist in his case.

1. The use requested is listed in Table #2, Use regulation as a Special Exception in the district for which application is made;
2. That granting the permit would be in the public interest;
3. That the proposed use would not adversely affect the property values in the district.
4. That the specific site is an appropriate location for the proposed use;
5. That the proposed use would not affect adversely the health and safety of the residents and others in the area and would not be detrimental to the use or development of adjacent or neighboring properties;
6. That the proposed use would not constitute a nuisance because of offensive noise, vibration, smoke, dust, odors, heat, glare or unsightliness;
7. That granting of the permit would be in the spirit of the Ordinance;
8. That the proposed use would not constitute a hazard because of traffic, hazardous material or other conditions.

Yes ☐ No ☐

11. Are you in favor of the adoption of Amendment No. 11 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

DEFINITIONS

11.05 HOME OCCUPATION: The following definition and conditions shall apply:

DEFINITION:

A Home Occupation or profession shall consist of any use customarily conducted entirely within a dwelling by the principal occupant(s) only which use is clearly incidental and subordinate to the dwelling use. Home Occupation or profession shall include: day care center, antique shops, dressmaker, artist, barber shop, beauty parlor, craftsman, writer, teacher, musician, lawyer, doctor, dentist, architect, engineer or practitioner of any other profession which may be unobtrusively pursued. Such uses as clinic, bakeries, gift shops, tea rooms, tourist homes, mortician, animal hospital, kennel and others of a similar nature shall not be considered as home occupation.

1. The use shall be carried out entirely within the principal building.
2. There shall be no display of goods or wares visible from the street.

3. The dwelling occupied shall not be rendered objectionable to the neighborhood because of exterior appearance, emission of odors, gas, smoke, dust, noise, electrical disturbance, hours of operation or in any other way.
4. In a multi-family dwelling, use shall in no way become objectionable or detrimental to any residential use within the multi-family structure. It shall include no features of design not customary in buildings for residential use.
5. No outside storage of equipment will be allowed in connection with home occupation.
6. Any permission for home occupation shall be nontransferable and the Special Exception shall be issued to the individual applicant only, and the duration of such Special Exception shall extend so long as the applicant is the principal occupant of the dwelling.
7. Not more than one commercial vehicle in connection with the home occupation(s) shall be stored on the premises. All parking areas shall be effectively screened from abutting and facing residential properties by appropriate fencing, 4 foot in height or evergreen planting at least 3 feet in height, at the time of planting.

Yes ☐ No ☐

ARTICLE 3. Shall we rescind the provisions of RSA 72:62 for a property tax exemption on real property equipped with a solar energy heating or cooling system which exemption shall be an amount equal to 100% of the value of the solar heating or cooling system (as adopted by vote of the 1976 Annual Town Meeting) and adopt the provisions of RSA 72:62 for a property tax exemption on real property equipped with solar energy heating or cooling system which exemption shall be in an amount equal to the value of the solar heating or cooling system or \$5,000.00 whichever is smaller.

Yes ☐ No ☐

To the Inhabitants of the Town of Hopkinton, in the County of MERRIMACK, in the State of New Hampshire, qualified to vote in Town Affairs:

You are hereby notified to meet at Hopkinton High School on Wednesday, the 14th of March, 1984, next at 6:00 P.M. to act upon the following subjects:

ARTICLE 4. To see if the Town will vote to raise and appropriate the sum of \$60,000.00, payable to Marjorie Packard Anderson, for the purchase of a 43 acre lot containing a gravel pit on the north side of Patch Road; authorizing the Selectmen to borrow not more than \$40,000.00 in the name of the Town for this purpose and to execute and issue as evidence of such indebtedness, Notes or Bonds of the Town of Hopkinton pursuant to the provisions of the Municipal Finance Act and any other applicable laws of the State of New Hampshire. Further authorizing the Selectmen to subdivide said lot into two lots, lot number 1, to include the gravel pit and such acreage as is necessary to protect access and assure legality, and lot number 2, (remaining acreage) to be sold at public auction or by sealed bid to the highest bidder. And further authorize the Selectmen to execute and deliver the deed of lot number 2 to the purchaser, to take all necessary action to carry out the pro-

visions of this Article, and to take any other action relating thereto.

(Requires 2/3 majority vote by ballot to adopt)

ARTICLE 5. To see if the Town will vote to adopt the following Ordinance, effective this date, and to grant the Selectmen authority to enforce same as required:

AN ORDINANCE REGULATING THE USE OF PUBLIC AND PRIVATE SEWERS AND DRAINS, THE INSTALLATION AND CONNECTION OF BUILDING SEWERS, AND THE DISCHARGE OF WATERS AND WASTES INTO THE PUBLIC SEWER SYSTEM: AND PROVIDING PENALTIES FOR VIOLATIONS THEREOF: IN THE TOWN OF HOPKINTON, COUNTY OF MERRIMACK, AND STATE OF NEW HAMPSHIRE.

Pursuant to RSA 252, and every other authority enabling the Board of Selectmen of Hopkinton to enact and ordain the following rules and regulations which are also adopted by the Health Officer of Hopkinton and approved by the Board of Selectmen pursuant to RSA 147, and are as follows:

ARTICLE I

Definitions

Unless the context specifically indicates otherwise, the meaning of the terms used in this ordinance shall be as follows:

- Sec. 1. "Bod:" (denoting Biochemical Oxygen Demand) shall mean the quantity of oxygen utilized in the bio-chemical oxidation of organic matter under standard laboratory procedure in five (5) days to 20°C, expressed in milligrams per liter.
- Sec. 2. "Building Drain" shall mean that part of the lowest horizontal piping of a drainage system which receives the discharge from waste and other pipes inside the walls of the building and conveys it to a point five (5) feet (1.5 meters) outside the inner face of the building wall.
- Sec. 3. "Building Sewer" shall mean the extension from the building drain to the public sewer or other place of disposal.
- Sec. 4. "Easement" shall mean an acquired legal right for the specific use of land owned by others.
- Sec. 5. "Floatable oil" is oil, fat, or grease in a physical state such that it will separate by gravity from wastewater by treatment in an approved pretreatment facility.
- Sec. 6. "Garbage" shall mean solid wastes from domestic and commercial preparation, cooking, and dispensing of food, and from the handling, storage and sale of produce.
- Sec. 7. "Grit" shall mean heavy inorganic matter such as stones, gravel, cinders, sand, silt, ashes, or other inert materials.
- Sec. 8. "Industrial Wastes" shall mean the liquid wastes from industrial manufacturing processes, trade or business as distinct from sanitary sewage.
- Sec. 9. "Natural Outlet" shall mean any outlet into a watercourse, pond, ditch, lake, or other body of surface or groundwater.
- Sec. 10. "Person" shall mean any individual, firm, company, association, society, corporation or group of other legal entity.
- Sec. 11. "ph" shall mean the logarithm of the reciprocal of the weight of hydrogen ions in grams per liter solution.

- Sec. 12. "Properly Shredded Garbage" shall mean the wastes from the preparation, cooking, and dispensing of food that have been shredded to such a degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers, with no particle greater than one-half (1/2) inch (1.27 centimeters) in dimension.
- Sec. 13. "Public Sewer" shall mean a sewer in which all owners of abutting properties shall have equal rights, and is controlled by public authority.
- Sec. 14. "Sanitary Sewer" shall mean a sewer which carries sewage or polluted wastewater, and to which storm, surface, and groundwater are not intentionally admitted.
- Sec. 15. "Sewage" shall mean a combination of the water-carried wastes from residences, business buildings, institutions, and industrial establishments, together with such ground, surface and storm-waters as any be present. The preferred term in "Wastewater."
- Sec. 16. "Sewage Treatment Plant" or "Wastewater Treatment Plant" shall mean any arrangement of devices and structures used for treating sewage.
- Sec. 17. "Sewage Works" shall mean all facilities for collecting, pumping treating and disposing of sewage.
- Sec. 18. "Sewer" shall mean a pipe or conduit for carrying sewage or wastewater.
- Sec. 19. "Shall" is mandatory; "May" is permissive.
- Sec. 20. "Slug" shall mean any discharge of water, sewage, or industrial waste which in concentration of any given constituent or in quantity of flow exceeds for any period of duration longer than fifteen (15) minutes, more than five (5) times the average twenty-four (24) hour concentration or flows during normal operation, and may adversely affect the collection system and/or performance of the wastewater treatment works.
- Sec. 21. "Storm Drain" (sometimes termed "Storm Sewer") shall mean a sewer which carries storm and surface waters and drainage, but excludes sewage and industrial wastes, other than unpolluted cooling water.
- Sec. 22. "Suspended Solids" shall mean solids that either float on the surface of, or are in suspension in water, sewage, or other liquids, and which are removable by laboratory filtering.
- Sec. 23. "Watercourse" shall mean a channel in which a flow of water occurs, either continuously or intermittently.
- Sec. 24. "Chairman" shall mean the CHAIRMAN OF THE BOARD OF SELECTMEN for the Town of Hopkinton, or his authorized representative, agent or deputy.
- Sec. 25. "Town of Hopkinton" shall mean the area of the Town of Hopkinton, in its entirety, present and future boundaries, within Merrimack County, State of New Hampshire.
- Sec. 26. "TOWN" shall mean the Board of Selectmen, acting for the citizens of the Town of Hopkinton, for which this ordinance applies.
- Sec. 27. "Unpolluted Water" is water not containing any pollutant limited or prohibited by the effluent standards established by the Commission, EPA or the Town, or water whose discharge will not cause any violation of receiving water quality standards.

- Sec. 28. "DOMESTIC WASTEWATER OR SANITARY SEWAGE" shall mean normal water-carried household and toilet wastes or waste from sanitary conveniences, excluding ground, surface or stormwater.
- Sec. 29. "District" shall mean the Sewer District, as created and defined in Article II.
- Sec. 30. "Commission" shall mean the State of New Hampshire Water Supply and Pollution Control Commission.
- Sec. 31. "EPA" shall mean the United States Environmental Protection Agency.
- Sec. 32. "NPDES" shall mean the National Pollutant Discharge Elimination System.

ARTICLE II

Sewer District Defined

- Sec. 1. Within the Town of Hopkinton, a Sewer District is created. This ordinance shall apply only to the area within the Sewer District.
- Sec. 2. The Sewer District shall include all properties abutting a public sewer, and such other properties as the Town shall designate. A copy of the Tax Map for the Town of Hopkinton shall be kept on file with the Board of Selectmen, on which the properties included in the Sewer District are clearly shown.
- Sec. 3. All persons required to connect to a public sewer under Article III shall be within the Sewer District.
- Sec. 4. All persons who discharge wastes to a public sewer shall be within the Sewer District.

ARTICLE III

Use of Public Sewers Required

- Sec. 1. Pursuant to the provisions of RSA 147 and 252, and any other authority thereto enabling, any Person benefited, improved, served or accomodated by any public sewer, or to which any public sewer is available at the time of construction of the public sewer, or any person who thereafter erects a building with sewage facilities on land having frontage on a public sewer, and the building sewer is within 100 feet of the public sewer, shall connect to the sewer, in such a manner as the Town may require, within forty-five (45) days after notice to such Person from the Town to make such connection, for the purpose of discharge of all Sewage and Industrial Wastes from that Person into the public sewer, subject to such limitations and restrictions as shall be established by the Town in the future. Each such person shall, within the same time limit, cease and desist from all further discharge of Sewage and/or Industrial Wastes into any other conduit or pre-existing system whether privately or publicly owned.
- Sec. 2. All Sewage and Industrial Wastes from any Person, after connection of such Person with a public sewer as required under Article III, Section 1, shall be conducted into a public sewer, subject to such limitations and restrictions as shall be established herein or otherwise may be established by the Town in the future.
- Sec. 3. No Person shall place or deposit or permit to be placed or deposited upon public or private property within the District, any Sewage or Industrial Wastes in violation of Article III, Section 1.

- Sec. 4. No Person shall discharge or permit to be discharged to any natural outlet within the District, any Sewage or Industrial Wastes in violation of Article III, Section 1, except where suitable treatment has been provided which is satisfactory to the Town and the Commission.
- Sec. 5. No privy, vault, cesspool, sinkhole, septic tank or similar receptacle shall be used and maintained at any time by any Person who has been connected to a public sewer or which shall be required under Article III, Section 1 to be connected to a public sewer.
- Sec. 6. No privy, vault, cesspool, sinkhole, septic tank or similar receptacle at any time shall be connected with a public sewer.

ARTICLE IV

Building Sewers and Connections to Public Sewer System

- Sec. 1. No person shall uncover, make any connections with or opening into, use, alter, or disturb any public sewer or appurtenance thereof without first obtaining a written permit from the Town. Any person proposing a new discharge into the system or a substantial change in the volume or character of pollutants that are being discharged into the system shall notify the Board at least 45 days prior to the proposed change or connection.
- Sec. 2. No person shall be permitted to connect to the Public Sewer unless required to do so under Article III.
- Sec. 3. There shall be two (2) classes of building sewer permits: (a) for residential and commercial services, and (b) for service to establishments producing industrial wastes. In either case the owner or his agent shall make application on a special form furnished by the Town. This permit application shall be supplemented by any plans, specifications, or other information considered pertinent in the judgment of the Town. A permit and inspection fee of twenty-five (25) dollars for a residential or commercial building sewer permit and fifty (50) dollars for an industrial building sewer permit shall be paid to the Town at the time the application is filled. A permit may at any time be revoked and annulled by the Town for such cause as the Town may deem sufficient, and all parties in interest shall be held to have waived the right to claim damages on account of such revocation, provided said revocation shall be annulled on compliance with the provisions of these rules and regulations.
- Sec. 4. All cost and expense incidental to the installation and connection of the building sewer shall be borne by the owner. The owner shall indemnify the Town from any loss or damage that may directly or indirectly be occasioned by the installation of the building sewer.
- Sec. 5. A separate and independent building sewer shall be provided for every building; except where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard, or driveway. The building sewer from the front building may be extended to the rear building and the whole considered as one building sewer if approved in writing by the Town.
- Sec. 6. Old building sewers may be used in connection with new buildings only when they are found, on examination and tested by the Town to meet all requirements of this ordinance.

- Sec. 7. The size, slope, alignment, materials of construction of a building sewer, and the methods to be used in excavating, placing of the pipe, jointing, testing, and backfilling the trench shall all conform to the requirements of the Commission Standards of Design, or the building and plumbing code or other applicable rules and regulations of the Town, so long as the more stringent specifications apply.
- Sec. 8. Whenever possible, the building sewer shall be brought to the building at an elevation below the basement floor. In all buildings in which any building drain is too low to permit gravity flow to the public sewer, sanitary sewage carried by such building drain shall be lifted by an approved means and discharged to the building sewer, at the owners expense.
- Sec. 9. No person shall have or make connection of roof downspouts, exterior foundation drains, areaway drains, other sources of surface runoff, groundwater, or cooling water and unpolluted wastewater to a building sewer or building drain which in turn is connected directly or indirectly to a public sanitary sewer.
- Sec. 10. The connection of the building sewer into the public sewer shall conform to the requirements of the building and plumbing code or other applicable rules and regulations of the Town, or the procedures set forth in Commission Standards of Design, so long as the more stringent specifications apply. All such connections shall be made gas-tight and watertight. Any deviation from the prescribed procedures must be approved by the Town before installation.
- Sec. 11. The applicant for the building sewer permit shall notify the Town when the building sewer is ready for inspection and connection to the public sewer. The connection shall be made under the supervision of the representative of the Town.
- Sec. 12. All excavations for building sewer installation shall be adequately guarded with barricades and lights so as to protect the public from hazard. Streets, sidewalks, parkways, and other public property disturbed in the course of the work shall be restored in a manner satisfactory to the Town, all at the Owner's expense.
- Sec. 13. Any person proposing a new discharge into the system or a substantial change in the volume or character of pollutants that are discharged into the system shall notify the Board at least 45 days prior to the proposed change or connection. Proposed new discharges from residential or commercial sources involving loading exceeding 50 population equivalents or any increase in industrial discharge must be approved by the commission.
- Sec. 14. The following is an excerpt from the regulations of the Commission: "Except for special reasons, the Commission will approve plans for new systems, extensions, or replacement sewers only when designed upon the separate plan, in which rainwater from roofs, streets, and other areas, and groundwater from foundation drains are excluded."

ARTICLE V

Use of the Public Sewers

- Sec. 1. No person shall discharge or cause to be discharged without an NPDES Permit, any stormwater, surface water, groundwater, roof

runoff, subsurface drainage, uncontaminated cooling water, or unpolluted industrial process waters to any sanitary sewer.

- Sec. 2. Stormwater and all other unpolluted drainage shall be discharged to drains or such sewers as are specifically designated as storm sewers, or to a natural outlet approved by the Town. Industrial cooling water or unpolluted process water requires an NPDES Permit prior to being discharged to a storm sewer, if available, or to a natural stream or watercourse. Unpolluted industrial cooling water or process waters also require an NPDES Permit prior to being discharged to a storm sewer, or natural outlet.
- Sec. 3. No person shall discharge or cause to be discharged any of the following described water or wastes to any public sewers:
- a. Any gasoline, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid or gas.
 - b. Any waters or wastes containing toxic or poisonous solids, liquids, or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals create a public nuisance, or create any hazard in the receiving waters of the sewage treatment plant including but not limited to cyanides in excess of .50 mg/l CN in the wastes discharged to the public sewer.
 - c. Any waters or wastes having a pH lower than (5.5) or higher than 9.0, or having any other corrosive property capable of causing damage or hazard to structures, equipment and personnel of the wastewater treatment facilities.
 - d. Solid or viscous substance in quantities or of such size capable or causing obstruction to the flow in sewers, or other interference with the proper operation of the sewage works such as, but not limited to, ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar plastics, wood, unground garbage, whole blood, paunch manure, hair and fleshings, entrails and paper dishes, cups, milk containers, etc., either whole or ground by garbage grinders.
- Sec. 4. The following described substances, materials, waters, or waste shall be limited in discharges to municipal systems to concentrations or quantities which will not have an adverse effect on the receiving stream, or will not otherwise endanger lives, limb, public property, or constitute a nuisance. The Town may set limitations lower than the limitations established in the regulations below if in its opinion such more severe limitations are necessary to meet the above objectives. In forming its opinion as to the acceptability, the Town will give consideration to such factors as the quantity of subject waste in relation to flows and velocities in the sewers, materials of construction of the sewers, the wastewater treatment process employed, capacity of the wastewater treatment plant, degree of treatability of the waste in the wastewater treatment plant, and other pertinent factors. The limitations or restrictions on materials or characteristics of waste or wastewaters discharged to the sanitary sewer which shall not be violated without approval of the Town are as follows:
- a. Wastewater having a temperature higher than 150° Fahrenheit (65° Celsius).
 - b. Wastewater containing more than 25 milligrams per liter of petro-

leum oil, nonbiodegradable cutting oils, or product of mineral oil origin.

- c. Wastewater from industrial plants containing floatable oils, fat, or grease.
- d. Any garbage that has not been properly shredded. Garbage grinders may be connected to sanitary sewers from homes, hotels, institutions, restaurants, hospitals, catering establishments, or similar places where garbage originates from the preparation of food in kitchens for the purpose of consumption on the premises or when served by caterers.
- e. Any waters or wastes containing iron, chromium, copper, zinc and similar objectionable or toxic substances to such degree that any such material discharged to the public sewer exceeds the limits established by the Commission, EPA or the Town for such materials.
- f. Any waters or wastes containing odor-producing substances exceeding limits which may be established by the Town.
- g. Any radioactive wastes or isotopes of such half-life or concentration as may exceed limits established by the Town in compliance with applicable state or federal regulations.
- h. Quantities of flow, concentrations, or both which constitute a "slug" as defined herein.
- i. Waters or wastes containing substances which are not amenable to treatment or reduction by the wastewater treatment processes employed, or are amenable to treatment only to such a degree that the wastewater treatment plant effluent cannot meet the requirements of other agencies having jurisdiction over discharge to the receiving waters.
- j. Any water or wastes which, by interaction with other water or wastes in the public sewer system, release obnoxious gases, form suspended solids which interfere with the collection system, or create a condition deleterious to structures and treatment processes.

Sec. 5. Industrial Wastes: The quantity and quality of all industrial wastes which can be properly taken into the sewage system and treated at the sewage treatment works, in addition to the sanitary sewage from the Town of Hopkinton shall be determined by the Town in accordance with NHWS&PCC regulations. The Town may regulate by appropriate rules and regulations the flow of industrial wastes into the sewage system. The Town shall have the right to require an applicant, owner or contributor of industrial waste to install and maintain at its own expense, such regulating, metering devices and pretreatment works as may be needed to control, measure, record and accept the flow of industrial wastes from his premises into the sewage system.

Sec. 6. If any waters or wastes are discharged, or are proposed to be discharged to the public sewers, which waters contain the substances or possess the characteristics enumerated in Section 4 of this Article, and which in the judgment of the Town, may have a deleterious effect upon the sewage works, processes, equipment, or receiving waters, or which otherwise create a hazard to life or constitute a public nuisance, the Town may:

- a. Reject the wastes,
- b. Require pretreatment to an acceptable condition for discharge to the public sewers,
- c. Require control over the quantities and rates of discharge, and/or
- d. Require payment to cover the added cost of handling and treating the wastes.

If the Town permits the pretreatment or equalization of waste flows, the design and installation of the plants and equipment shall be subject to the review and approval of the Town and Commission; and subject to the requirements of all applicable codes, ordinances and laws. No construction of such facilities shall be connected until said approval is obtained in writing. Plans and specifications for a proposed pretreatment facility shall be the result of the design of a professional engineer. Such approval shall not relieve the owner of the responsibility of discharging treated waste meeting the requirements of this ordinance.

- Sec. 7. Grease, oil, and sand interceptors shall be provided when, in the opinion of the Town, they are necessary for the proper handling of liquid wastes containing grease in excessive amounts, or any flammable wastes, sand or other harmful ingredients; except that such interceptors shall not be required for private living quarters or dwelling units. All interceptors shall be of a type and capacity approved by the Town and shall be located as to be readily and easily accessible for cleaning and inspection, and shall be installed and maintained, by the owner at his expense, in an efficient operational condition at all times.
- Sec. 8. Where treatment or flow-equalizing facilities are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner at his expense.
- Sec. 9. When required by the Town, the owner of any property serviced by a building sewer carrying industrial wastes shall install a suitable control manhole together with such necessary meters, and other appurtenances in the building sewer to facilitate observation, sampling, and measurement of wastes. Such manhole, when required, shall be accessibly and safely located, and shall be constructed in accordance with plans and approved by the Town and the Commission. The manhole shall be installed by the owner at his expense, and shall be maintained by him so as to be safe and accessible at all times.
- Sec. 10. The Town may require a user of sewer services to provide information needed to determine compliance with this ordinance. These requirements may include:
- a. Wastewaters discharge peak rate and volume over a specified time period.
 - b. Chemical analysis of wastewaters.
 - c. Information on raw materials, processes and products affecting wastewater volume and quality.
 - d. Quality and disposition of specific liquid, sludge, oil, solvent or other materials important to sewer use control.
 - e. A plot plan of sewers of the user's property showing sewer and pretreatment facility location.

- f. Details of wastewater pretreatment facilities.
- g. Details of systems to prevent and control the losses of materials through spills to municipal sewer.

Sec. 11. All measurements, test, and analysis of the characteristics of waters and wastes to which reference is made in this ordinance shall be determined in accordance with the latest edition of "Standard Methods for the Examination of Water and Wastewater," published by the American Public Health Association, and shall be determined at the control manhole provided, or upon suitable samples taken at said control manhole.

In the event that no special manhole has been required, and at the option of the Town, the control manhole shall be considered to be the nearest downstream manhole in the public sewer to the point which the building sewer is connected. Sampling shall be carried out by customarily accepted methods to reflect the effect of constituents upon the sewage works and to determine the existence of hazards to life, limb, and property. The particular analysis involved will determine whether a twenty-four (24) hour composite of all outfalls of a premise is appropriate or whether a grab sample or samples should be taken. Normally, but not always, BOD and suspended solids analyses are obtained from 24 hour composites of all outfalls whereas pH's are determined from periodic grab samples.

- a. All industries discharging into a public sewer shall perform such monitoring of their discharges as the Town or duly authorized employees of the Town may require including installation, use and maintenance of monitoring equipment, keeping records and reporting the results of such monitoring to the Town. Such records shall be made available upon request by the Town to other agencies having jurisdiction over discharges to the receiving waters.

Sec. 12. No statement contained in this article shall be construed as preventing any special agreement or arrangement between the Town and any industrial concern whereby an industrial waste of unusual strength or character may be accepted by the Town for treatment, subject to payment therefore, by the industrial concern, provided that such agreements do not contravene any requirements of existing Federal laws and are compatible with an User Charge and industrial cost recovery system in effect.

Sec. 13. It shall be illegal to meet requirements of this Sewer Ordinance by diluting wastes in lieu of proper treatment.

ARTICLE VI

Protection from Damage

Sec. 1. No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure, appurtenance, or equipment which is a part of the sewage works. Any person violating this provision shall be subject to prosecution under appropriate local ordinances or the Laws of the State of New Hampshire.

ARTICLE VII

Powers and Authority of Inspectors

Sec. 1. The Town and/or its duly authorized personnel bearing proper cre-

dentials and identification shall be permitted to enter all properties at reasonable times and subject to reasonable notification of the occupant(s) for the purposes of inspection, observation, measurement, sampling, and testing in accordance with the provisions of this ordinance.

- Sec. 2. While performing the necessary work on private properties referred to in Article VII, Section 1 above, the Town or duly authorized personnel shall observe all safety rules applicable to the premises established by the company and the company shall be held harmless for injury or death to any of the Town personnel and the Town shall indemnify the company against loss or damage to its property by Town personnel and against liability claims and demands for personal injury or property damage asserted against the company and growing out of the gauging and sampling operation, except as such may be caused by negligence or failure of the company to maintain safe conditions as required in Article V, Section 9.
- Sec. 3. The Town and other duly authorized personnel of the Town bearing proper credentials and identification shall be permitted to enter all private properties through which the Town holds a duly negotiated easement for the purpose of, but not limited to, inspection, observation, measurement, sampling, repair, and maintenance of any portion of the sewage works lying within said easement. All entry and subsequent work, if any, on said easement, shall be done in full accordance with the term of the duly negotiated easement pertaining to the private property involved.

ARTICLE VIII

Public Sewer Extensions

Extensions of public sewers may be made upon petition of prospective users or by mandate from the town for reasons of public safety, health, or welfare and subject to the terms and in accordance with the terms and conditions of Article IV of this Ordinance.

- Sec. 1. The Town will extend its public sewers only in highways, streets, roads and state highways which are maintained by the Town and/or State, and dedicated to public use.
- Sec. 2. The kind and size of sewer installed will be determined by the Town in accordance with standards of the Commission and conditions surrounding the extension, including the possibility of future expansion.
- Sec. 3. An extension petition shall be signed by either a majority or two-thirds majority of all persons owning land having frontage on the proposed extension as provided in Article VIII, Section 4. The extension, if granted, shall be laid along the entire frontage owned by the petitioner(s). Petitions will be presented for action to the Town at a regular meeting. The Town shall have sixty (60) days within which to act on the petition. If, in the discretion of the Town, a controversy exists between owners who would be effected by the extension, or if the public interest would be served, the Town may hold one or more public hearings on the proposal.
- Sec. 4. If the petition is signed by a majority of the persons owning land having frontage on the proposed extension, the petition shall contain an agreement by the petitioner(s) to pay for the entire cost of public sewer extension and all costs of connection to the extension for all

existing buildings on the extension regardless of whether the owners thereof have petitioned for such an extension. If the petition is signed by a two-thirds majority of such persons, the petition shall contain an agreement by the petitioner(s) to pay for the entire cost of the public sewer extension. In such case, the costs of connection shall be paid individually by all persons required to connect to the system under Article III, Section 1, regardless of whether that person is a petitioner. The costs of the public sewer extension and connection (when paid by the petitioner(s) shall be shared proportionately by the petitioner(s) based on frontage along the extension. Each petitioner will be required to sign a contract which shall be binding on the petitioner, his heirs, executors, administrators or assigns agreeing to pay the costs required by this Article which shall become a lien on the property.

- Sec. 5. Persons who own land fronting on the extension and wish to subdivide that land shall provide a subdivision plan of their frontage which has been approved by the proper authority of the Town and shall pay for their entire share of each lot before or when it is sold or transferred.
- Sec. 6. All public sewer extensions shall be installed by the Town, either by its own employees or by Contract, as the Town may determine. In the event that the work is done by a party other than the Town, the Town may require a bond in a reasonable amount to guarantee full performance. The cost is borne by the user in accordance with Section 4 above. In the event additional users are connected to any extension made under Section 4 above, or a re-extension of an already existing extension is requested, within five years after the date of installation of the original extension, a recalculation will be made on the basis of the user density thereby established. If the user density is increased thereby proportionate and equitable changes will be made to new user and adjustments will be made to the original users. If the user density is decreased thereby, then such an extension shall be considered as a new and separate extension and will be subject to Section 4 above. In the event construction of a public sewer will result in expenses to connect and repair an existing public sewer, the Town will require the petitioner(s) to pay such expenses in accordance with Section 4 above.
- Sec. 7. All public sewer extensions installed to service new residential, commercial or industrial developments that are in full compliance with Article IV of this Ordinance shall be made by the Town only after the developer has entered into contract with the Town for full payment of the extension requested.
- Sec. 8. The Town may refuse to grant any extension of public sewer lines if in their discretion the extension would place an undue burden on the sewage treatment facility having in mind the capacity of the system and the orderly development of the Town as a whole, the area to be serviced is too remote, has sufficient land area and soil capacity to accommodate the wastes, the extension would utilize an excessive amount of power, resources, place undue pressure on development, or other items effecting the welfare of the Town, or any reasonable grounds which make the extension inadvisable.

ARTICLE VIII

Penalties

- Sec. 1. Any person found to be violating any provision of this ordinance except Article VI shall be served by the Town with written notice stating the nature of the violation and providing a reasonable time limit for the satisfactory correction thereof. The offender shall, within the period of time stated in such notice, permanently cease violations.
- Sec. 2. Any person who shall continue any violation beyond the time limit provided for in Article III, Section I shall be fined in the amount not exceeding \$100. for each violation in the case of an individual, and \$500. for each violation in the case of a corporation or unincorporated association. Each day in which any such violation shall continue shall be deemed a separate offense. (Ref: RSA 47:17 (supp.), RSA 252:8, RSA 31:39 (supp.))
- Sec. 3. Any person violating any of the provisions of this ordinance shall become liable to the Town for any expense, loss, or damage occasioned the Town by reason of such violation.

ARTICLE IX

Validity

- Sec. 1. All ordinances or parts of ordinances in conflict herewith are hereby repealed.
- Sec. 2. The invalidity of any section, clause, sentence, or provision of this ordinance shall not affect the validity of any other part of this ordinance which can be given effect without such invalid part or parts.

ARTICLE X

Ordinance in Force

- Sec. 1. This ordinance shall be in full force and effect from and after its passage, approval, recording, and publication as provided by law.

ARTICLE 6. To see if the Town will vote to authorize the Selectmen to appoint a Sewer Committee to replace the present Committee. The present Committee having been directed by a vote of the Special Town Meeting of May 23, 1979, to assist the Selectmen "regarding the planning and construction of the facilities and any proposed sewer ordinance."

1. The new Sewer Committee shall be called "The Hopkinton Sewer Committee" and its members shall be appointed by the Selectmen at a time deemed appropriate.
2. Duties of the Committee shall be assigned by the Selectmen, to include, but not limited to:
 - a. Overseeing the operation and maintenance of the sewer plant and collection system.
 - b. Establishing a sewer use fee annually, set up and oversee the administration, billing and collection of such fee.
 - c. Holding public meetings as often as is deemed necessary but no less than four (4) times per year.
 - d. Assisting the Selectmen in the enforcement of the sewer ordinance and establishing such other By-laws and conditions as may be determined, by majority vote, to promote the efficient administration of the sewer system.

3. Terms of Appointment by the Selectmen:

A five (5) member Committee consisting of one Selectmen, and four (4) residents of the Town of Hopkinton at least two (2) of whom shall be “users” of the sewer system.

Initial Appointments:

- 1. Resident-User One year term
- 2. Resident-At Large Two year term
- 3. Resident-User Three year term
- 4. Resident-At Large Three year term

Thereafter all terms will be for three years, with appointments to be made, by the Selectmen, within two weeks after Town Meeting annually.

The Selectmen member shall be appointed annually by majority vote of the Board of Selectmen, within two weeks after Annual Town Meeting.

The Committee shall appoint by majority vote, a chairman annually. The chairman shall not be the Selectmen member.

The present Committee established by vote of Special Town Meeting on May 23, 1979, shall be dissolved within thirty (30) days after acceptance by the Town of Hopkinton of the Sewage Treatment Facility.

ARTICLE 7. To see if the Town will vote to raise and appropriate the sum of \$814,048.00 for General Operation:
(\$7,200.00 not recommended by Budget Committee for Hopkinton Community Center)

1. Selectmen’s Office	74,220.00
2. Town Clerk’s Office	10,319.00
3. Election & Registration	2,750.00
4. Cemeteries	15,230.00
5. Town Buildings	7,940.00
6. Planning & Zoning	10,112.00
7. Legal Expenses	12,000.00

ARTICLE 8. To see if the Town will vote to raise and appropriate the sum of \$24,213.00 for the Libraries.

ARTICLE 9. To see if the Town will vote to raise and appropriate the sum of \$66,219.00 for New Construction of Highways. (State to contribute \$66,219.00)

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of \$39,000.00 for the purchase of a diesel Dump Truck for the Highway Department, authorizing withdrawal of \$23,000.00 from Revenue Sharing Fund, further authorizing the withdrawal of \$8,000.00 from the Highway Department Equipment Capital Reserve Fund both to be added to \$8,000.00 trade-in allowance to make up the purchase price.

ARTICLE 11. To see if the Town will vote to raise and appropriate the sum of \$60,000.00 for the installation of a culvert on Stickney Hill Road. (State to contribute \$30,000.00 Town to contribute \$30,000.00)

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of \$35,000.00 for storm drain replacement and widening Cedar Street.

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$6,698.00 to be used toward the cost of constructing a new Highway Garage; with \$6,698.00 to be withdrawn from the Capital Reserve Town Garage Fund being the interest earned on capital (\$70,000.00) already approved for expenditure.

ARTICLE 14. To see if the Town will vote to keep the 1982 Ford Fairmont Police Cruiser to be used as a third cruiser. (Not recommended by the Selectmen)

ARTICLE 15. To see if the Town will vote to raise and appropriate the sum of \$25,000.00 to be placed in a Capital Reserve Fund for a new Police Station. (Not recommended by Budget Committee)

ARTICLE 16. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for the purchase of a second-hand four wheel truck for use as a forestry truck, authorizing withdrawal of \$2,000.00 from the Fire Department Equipment Capital Reserve Fund to be used as part of the purchase price. (And to accept a donation of \$3,000.00 from the Firemen's Association for the balance of the purchase price)

ARTICLE 17. To see if the Town will vote to raise and appropriate \$17,000.00 to be placed in the Capital Reserve Fund for a new ambulance.

ARTICLE 18. To see if the Town will vote to raise and appropriate \$9,000.00 for repair and rebuilding two Fire Department Tanker trucks.

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for repair and maintenance of Kimball Pond No. 1. (\$3,000.00 not recommended by Budget Committee)

ARTICLE 20. To see if the Town will vote to authorize the withdrawal of \$2,000.00 from the Revenue Sharing Fund to paint the Hopkinton Town Hall.

ARTICLE 21. To see if the Town will vote to authorize publication of property tax assessments every 5 years rather than every 3 years as presently voted.

ARTICLE 22. To see if the Town will vote approval of the formation of a Computer Study Committee, to look into the feasibility of computer use for all Town Government activities. Said Committee to report back recommenda-

tions to Town Meeting, 1985. The Committee to consist of five residents appointed by the Selectmen.

ARTICLE 23. To see if the Town will vote to go on record in support of efforts to amend the United States Constitution to forbid abortion (exception being made only when there is imminent danger of physical death to the mother). The record of the vote on this article shall be transmitted to the New Hampshire Congressional Delegation and to President Reagan. (Submitted by Petition)

ARTICLE 24. To see if the Town of Hopkinton shall call upon the Governor and Executive Council, its State Representative(s) and State Senator to promptly convene a Special Session of the Legislature for the sole purpose of preventing the imposition of huge cost increases in electric rates resulting from the Seabrook Nuclear Power Plant on the citizens, businesses, schools and agencies in the Town of Hopkinton, and to direct the Selectmen to promptly notify our above listed elected officials of the Town's desire. (Submitted by Petition)

ARTICLE 25. To see if the Town will vote to accept the following Cemetery Trust Funds, the income to be used for perpetual care of burial lots as directed, subject to such provisions as may be applicable thereto:

FROM	THE SUM OF:	PURPOSE:	CEMETERY:
	(Plus any interest to date)		
Ruth M. Robertson	\$100.00	Perpetual Care	Blackwater
Alberta H. & Richard D. MacMillan, Sr.	150.00	Perpetual Care	Old Hopkinton
Beatrice M. Walker	50.00	Perpetual Care	Contoocook
Evelyn Hastings	100.00	Perpetual Care	Old Hopkinton
Arthur P. & Helen M. Warshauer	100.00	Perpetual Care	Contoocook
Albert F. & Louise A. Swain	200.00	Perpetual Care	Contoocook
Frederic R. Pilch	200.00	Perpetual Care	Old Hopkinton
Antoinette R. Morris	100.00	Perpetual Care	Contoocook
Warren F. Kimball, Jr.	600.00	Perpetual Care	Contoocook
Gordon B. & Henrietta E. Wheeler	100.00	Perpetual Care	Contoocook
Gerrit & Martha Oldenbrook	200.00	Perpetual Care	Contoocook
George H & Carolyn B. Wallace	200.00	Perpetual Care	Old Hopkinton
Doris J. Voigt	100.00	Perpetual Care	Contoocook
Otto Grau	100.00	Perpetual Care	Contoocook

ARTICLE 26. To see if the Town will vote to expend the income, during the current year, from the G. Everett Kelly Fund, one-half for the benefit of the Hopkinton Village Library and one-half for the benefit of Bates Library.

ARTICLE 27. To see if the Town will vote to accept additions to the principal of the following Trust Funds, subject to such provisions as may be applicable thereto:

NAME OF FUND	AMOUNT
Glenn M. Haselton Memorial	\$ 81.00
Katherine Eaton Semple Memorial	130.00
Andrew J. Carroll Memorial.	125.00

ARTICLE 28. To see if the Town will vote to accept the sum of \$1,786.00, plus the interest to date, from the family and friends of C. Louise Wright, with the income earned on the principal to be used for the purchase of children's books for the Bates Library in Contoocook, and that such purchases shall be over and above the annual operating budget of the library.

ARTICLE 29. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of the 1984 tax levy.

ARTICLE 30. To act on reports of Town Officers, Trustees and Committees for the year 1983.

ARTICLE 31. To hear and transact any other business that may legally come before said meeting.

Given under our hands and seal, this 2nd day of February, in the year of our Lord nineteen hundred and eighty-four.

SELECTMEN'S ANNUAL REPORT

1983 has been a good year for the Town of Hopkinton. We have seen a minimal tax increase with the municipal portion of the tax rate dropping 44% without any curtailment in services. For this we owe thanks to all the Town employees, Boards and Commissions.

The Sewer Project is finally a reality with substantial construction already underway and an estimated completion date of late fall 1984.

Repairs to the H. I. Davis Dam in Contoocook and construction of a hydro-electric plant will commence in early 1984 as part of a lease agreement between the Town and HYDCO of Colorado. We owe special thanks to members of the Hydro Committee, particularly Jack Prewitt and Bruce Ellsworth. Their untiring effort on behalf of the Town has helped save substantial tax dollars.

A Cable T.V. Franchise Committee was appointed this year. They have advertised for preliminary proposals from companies interested in servicing the Town. These proposals are due back April 1st. At that time the Committee will hold Public Hearings to receive recommendations and answer questions from the Townspeople. It is hoped that final bid proposals will be solicited after the hearings and the franchise awarded in early September. The members of the Committee are Ed. Kaplan—Chairman, James Hargrove and George Langwasser.

While it is important to look to future progress and development, it is equally important to remember and record the past. The history of the Town of Hopkinton has not been updated for over one hundred years and so a Committee has been formed this year to undertake this significant project.

The Selectmen continue to meet every Wednesday, commencing, at 4:00 P.M. at the Town Hall. If you have any concerns or interest in how your Town is run, we urge you to attend and participate in these public meetings.

In closing we would like to pay tribute to the men and women of the Hopkinton Fire Department. Their professionalism and dedication to duty in the service of their Town exemplifies a community spirit that makes Hopkinton a very special place to live in.

TONI GRAY, Chairman
ROBERT YORK
STANLEY WHITE
Hopkinton Board of Selectmen

CONTOOCCOOK CEMETERY ASSOCIATION, INC.

1983 was a reorganizational year for the Contoocook Cemetery Association. With the advice and consent of the Hopkinton Selectmen a program has been established resulting in a more effective cemetery department.

As most townspeople know this is a cooperative effort between the Hopkinton Cemetery Trustees and the Contoocook Cemetery Association. This program involves combined use of labor, materials, and equipment to the advantage of the entire town.

While the Contoocook Cemetery Association is responsible for one cemetery, the members feel that being a taxpayer, we must share our responsibilities with others for the good of the town.

HOPKINTON PUBLIC HEALTH DEPARTMENT

The Hopkinton Public Health Nursing Association continues as a town-supported board and your town nurse is a paid employee of this town. As the cost of health care continues to rise an increasingly large number of chronic and terminally ill residents choose to remain at home or in the homes of their children; I am glad that as your nurse I can assist these people and their families without concern as to insurance or income but according to the need. Home visits are made to new mothers, sick children or newly-discharged surgical patients as well as to the elderly. Your doctor or hospital may not be aware of this service and you may wish to remind them or to call me yourself if a visit would be helpful. When orders are needed from your doctor they will be obtained. This department is independent of any other agency.

In addition to 1308 home visits in 1983 I have attended the Senior lunches each Wednesday at the Community Center. This is a great opportunity to remain in touch with a large group of residents. Anyone else may drop into the Center on Wednesday or Friday from 12 – 1:30 for a free blood pressure check, diet counseling or to discuss a health problem.

Our once-a-year Bloodmobile was held in March, 1983 at the high school in cooperation with the Honor Society. We also co-sponsored a CPR course with the Fire Department in October and a cancer screening in May.

The most exciting news to many of us was the formation of Hopkinton Hospice and the training of two groups of people who have volunteered to help support the terminally ill and their families. These people are your friends and neighbors and have already proven in many ways what special people they are. I thank them for what they have given to Hopkinton.

This past year has been a year of increasing cooperation between your nurse and other Hopkinton departments and organizations. We have attempted to coordinate the services to the elderly, the needy and the ill. This has been possible through the joint cooperation of the other town employees and officials, the school nurse, the Community Center, Dial-a-Ride and the area churches. We have accomplished a great deal and I look forward to even greater sharing of ways to help. We need to know what you feel is needed in 1984, whether to have more classes (CPR, home nursing?) clinics (B/P, immunization?) Let us know!

There are people and organizations in this town who have given time, goods, clothing and funds to others in response to my stated need. They alone know who they are and must be glad to have helped. Thank you.

The Public Health Nursing Board has been extremely supportive and helpful especially Grace Kimball, R.N. Patients and nurse alike appreciate the cheery voice of Kathy Schoch who said "Nurse's answering service" 833 times in 1983. Should you need the nurse this year call her at 746-3213 (or 746-4141). She will contact me.

Sincerely,

SYLVIA M. FALZONE, R.N.

Route #2, Box 458

Contoocook, NH 03229

RED CROSS BLOODMOBILE

HOPKINTON HIGH SCHOOL

MONDAY, MARCH 19, 1984 1:00 P.M. to 6:00 P.M.

HOPKINTON POLICE DEPARTMENT

Your police department has put in a very active year. Ten thousand, four hundred and fifty-six calls were logged on the police phones; calls ranging from "What time does the high school concert start?" to "I want to report a death." People call the police for many reasons besides reporting criminal activity. Sometimes they just need information and don't know where else to call. For these calls, if we are unable to supply the information, we try to direct the caller to someone who can.

This past year your police department initiated an aggressive campaign to curb DWI's and traffic accidents. More than twenty three hundred people were stopped for a variety of reasons; from DWI to defective equipment.

In addition, another focal point has been burglary prevention. Unmarked cars and extra cruiser patrols during the day light hours has resulted in the arrest of three suspects. Neighborhood awareness is a key factor to the success of any burglary prevention program, and to this end, talks have been given by the police department to increase the awareness within the community. Your police department encourages people to call with any concerns.

Facing the construction program being undertaken in the Contoocook Village area, the dangers involved with heavy construction equipment to the children in the area had to be addressed. Toward this end, S. M. Wilson Excavating Inc. and the police department joined forces to present a safety program at the Maple Street School. Children experienced first hand the noise and limited view of the equipment operators and how this effects their safety.

Any suggestions on further safety programs are welcome.

Just one final thought: "Be careful out there."

Respectfully submitted,

CHESTER L. JORDAN
Chief of Police

FIRE DEPARTMENT REPORT

In 1983 the Department purchased the 1951 75 foot, Mack aerial ladder truck from Bayshore, Long Island, which replaced our 1938 American LaFrance. This truck, even though it's a 1951, has a design similar to the more modern \$250,000.00 aerial ladder trucks at a cost to taxpayers of approximately \$3,500.00. The remainder of the cost being made up of Revenue Sharing Funds of \$25,000.00. The department has trained extensively with this piece and finds it to be a very valuable and useful piece of equipment.

The Department held a very successful Thanksgiving Benefit once again this year. Many thanks to those people who participated and helped make it a success on both sides of the board.

This year seven more firefighters became Certified by the N. H. Fire Standards and Training Commission. This raises our total number of Certified Firefighters to approximately one-half of the present roster, with even more working toward their certification.

The Fire Department responded to 162 Fire calls, 315 ambulance calls, for a total of 477 calls in 1983. The fulltime Firefighters responded to 115 of the total ambulance calls, during their regular working hours.

This year the Department sponsored a Hand Muster Team which was very successful winning 3 out of 5 musters they participated in, for a total of 16 individual event and overall muster trophies.

The Fire Explorers sponsored a successful explorer muster in Hillsboro at Grimes Field last summer and is working on one to be held in our town in the upcoming summer.

Once again we co-sponsored the Hopkinton Fire and Police Scholarship Fund, Cub Scout Pack #77, and our own Fire Department Scholarship.

A reminder that New Hampshire now has a Smoke Detector law requiring smoke detectors in all newly constructed or substantially rehabilitated single family dwellings and all multiple family dwellings. If you have any questions concerning this law please feel free to contact us on our business phone – 746-3181.

Thanks for your continued support and cooperation in the future.

Respectfully submitted,

THOMAS KRZYZANIAK, Chief
Hopkinton Fire Dept.

**REPORT OF TOWN FOREST FIRE WARDEN
AND STATE FOREST RANGER**

Once again, our cooperative town and state forest fire prevention and control program leads the nation in least acres burned per forest fire. Less than one-half acre per fire statewide average.

At the town level, your Forest Fire Warden is responsible for the prevention and control of all grass and woods fires when the ground is not snow covered.

Forest fire prevention is achieved at the town level by issuing a written permit for every fire that is to be kindled on the ground out of doors when the ground is not covered with snow. Each person wishing to have an outside fire must obtain this written permit from the town Fire Warden before kindling the fire. Any person that does not obtain a fire permit, when one is required, is violating our forest fire permit law and is subject to a court appearance and could be fined up to \$1,000 and receive a jail sentence of up to one year.

No fire permit will be issued between 9:00 a.m. and 5:00 p.m. unless it is raining. The reason for this is twofold: the fire danger increases steadily between 9:00 a.m. and 2:00 p.m., then subsides to a safe level between 2:00 p.m. and 5:00 p.m. This happens because the sun dries out the fine fuels that are easily ignited and dries the air which permits rapid fire spread. Also during this part of the day fire fighters are not readily available in most communities so an escaped fire could burn longer and cause greater damage before being suppressed.

Your cooperation in burning only when conditions are safe is greatly appreciated.

As Smokey says, "Remember, Only You Can Prevent Forest Fires!"

TOWN POLICY FOR WINTER MAINTENANCE

1. **SNOW PLOWING:** The Town vehicles begin plowing when the snow has accumulated 2 to 3 inches. After roads are clear, sanding and salting will begin.

2. **WINTER FREEZING RAIN STORM:** It is important to note that salt or sand is wasted if applied before rain stops. There is nothing the highway department can do during a freezing rainstorm. However, as soon as the rain stops, salt and sand will be applied to the roads.

3. **CLEAN ROAD POLICY:** The Town of Hopkinton, like most communities and cities, does not have a clean road policy. In other words, all roads and streets will not be kept completely clear of snow and, therefore, only caution can be advised for winter driving. Salt will be applied to all tar roads, however, where the shaded areas are found, there will be some snow or ice spots. The amount of salt is limited and will be used sparingly. Dirt roads will be sanded, but a build-up of ice cannot be helped so re-sanding is necessary; but with ice under the sand, it still makes instant stops impossible.

4. **PLOW ROUTES:** Each plow route is approximately 15 miles long and takes 3 to 4 hours to cover. So, if plowing is started with two inches of snow, by the time the vehicle finishes the route 3 or 4 hours later, there could be up to 6 inches of snow on the first part of his route. Therefore, during a heavy snowstorm, at times, there will be snow on the roads.

DAVID STORY
Road Agent

HIGHWAY DEPARTMENT

The following is a summary of the projects undertaken by the Highway Department during 1983.

Due to the excellent weather conditions realized this year coupled with the funds approved by the voters, we were able to accomplish a great deal.

April and May were very wet months, therefore we concentrated on hauling gravel and building up several dirt roads. In total, approximately 2800 yards of gravel were hauled. Also in May, we mixed and spread almost 400 tons of shim, with a large amount being used on the back side of Gould Hill. It should be noted that the improvement to Gould Hill Rd. was immense.

On May 26th we began rebuilding 2600' of Briar Hill Road, ripping out the old surface and replacing it with 18" to 3' of gravel. We also installed 3 catch-basins and 200' of underdrain. The base was topped with 3" of crushed gravel and 2½" of mix. The project took almost one month.

The first two weeks of July were spent sealing roads. In total, approximately 8 miles of road were sealed, using 20,000 gallons of seal. This is an increase of about 3 miles over 1982.

The Stickney Hill Road project was started in August. Almost 1600' were rebuilt and the project is near completion. All that remains is to hardtop the surface. Three 24" culverts were installed; 2600 yards of gravel and 300 yards of crushed gravel were spread; and the slopes were seeded. We are planning to continue the project in 1984.

Again, due to the dry weather, we were able to do a great deal of needed ditch work. Hatfield Rd., Farrington's Corner Rd. and Upper Straw Rd. are some of the areas focused on.

The lower section of Upper Straw Road was completed. This was a section of road, approximately 800' in length, which had to be bulldozed with 600 yards of gravel being required as well as two culverts.

Three hundred feet of Bassett Mill Road had to be gravelled for new homes being built there this year. After cutting trees and brush along the roadside, 350 yards of gravel were spread to improve the conditions of the travelled area.

It is my hope that we can continue progressing at the same degree in the future as we have done this past year. The major accomplishments cited above were enhanced by the completion of several smaller projects, i.e., the Mini Park, Kimball Dam, installation of 12 badly needed culverts on various roads and some much needed grading and patching. We were also able to do some necessary maintenance on department equipment.

In preparing for the future, the answer to a sound road improvement plan is simple — it takes money. For example, we used approximately 350 tons of cold patch this year at a cost of \$8,800, 20,000 gallons of seal at \$15,000; 400 yards of shim at \$9,800, varying amounts of gravel and crushed gravel with a total cost of \$11,000 and we purchased new culverts costing \$2,500. The cost of materials, as indicated above combined with the cost of outside equipment rental make the job of road improvements an expensive undertaking. And, trying to cut back for one or two years to save a few dollars results in more extensive repairs later, costing even more money.

It is my hope that we can continue with the present program and maintain our roads routinely and effectively.

Sincerely,

DAVID A. STORY
Highway Commissioner

HOPKINTON ZONING BOARD OF ADJUSTMENT

During calendar year 1983, the Board acted on 52 applications. There were 22 special exceptions granted and one denied. There were 23 variances granted and 6 denied.

The Board wishes to thank Barbara McCabe who resigned from the Board in 1983, for her long and dedicated service to the Board and Town. Janet Krzyzaniak moved from an alternate to a regular member during 1983. Appointed to the Board as an alternate to the Board during 1983, was Mary Ellen Card.

The Board wishes to thank the Selectmen, Planning Board, Building Inspector and the Residents of Hopkinton for their cooperation during 1983.

The Board would like to thank Donna Brochu, who resigned in late 1983, as the Selectmen's Secretary. We wish Donna well in her new employment and express our sincere appreciation for her valuable assistance and dedication over the last several years.

A special thanks to our very capable secretary, Margaret Astles, whose valuable assistance is essential and very much appreciated by the Board.

The Board would encourage Hopkinton Residents to attend Zoning Board of Adjustment meetings. Meetings are usually held the first Tuesday of every month in the Town Hall at 7:30 P.M.

Should you be denied a building permit in the coming year and you feel you have a legitimate appeal, and qualify for a special exception or variance, application forms may be picked up at the Selectmen's Office or from the Chairman of the Zoning Board of Adjustment and you should contact the Chairman of the Zoning Board of Adjustment for any assistance in completing the form, and also, for any questions that you may have.

ZONING BOARD OF ADJUSTMENT

AUDITOR'S REPORT

The Town reports for 1983 are not completely audited as of February 2, 1984 due to the late submittal of reports by some departments and the interrelation of monies, making it impossible to meet the deadline for the Town Report.

WILLIAM E. NOELTE
Auditor

REPORT OF THE CAPITAL IMPROVEMENT COMMITTEE

The recommended capital improvement expenditures for 1984 included the following updates relative to last years view:

1. The School District is in the process of developing a bond issue proposal which will include complete roof replacement at Maple Street School and additional roof replacement at the High School, upgrading the High School to meet handicap codes and a comprehensive energy conservation package for both Maple Street and the High School. The Board has withdrawn the recommended \$12,000 previously requested.

2. The Fire Department has decided not to rebuild the 1968 truck withdrawing the \$27,000 previously requested.

3. The estimated cost for a new Town garage is \$80,000, an increase of \$10,000.

4. An alternate location for the Police Station will be required in 1987. While the location and specifications have not been determined, a \$25,000 Reserve Fund is recommended to make funds available for either a new facility or renovations to an existing structure.

5. As part of the sewer project scheduled for 1984, the lower portion of Cedar Street is to be rebuilt. In conjunction with this, it is recommended that the upper 1700 feet also be reconstructed. The cost is estimated at \$35,000; \$31,000 for the underdrain system and the remainder for widening the pavement by two feet.

6. The reconstruction work to be done on Stickney Hill during 1984 has been increased from \$20,000 to \$50,000. Funds for this work will be taken from the \$66,000 State Aid Payment.

7. The State has increased the estimated cost for Stickney Hill culvert from \$30,000 to \$60,000. Since this is a shared cost, the Town's portion increases from \$15,000 to \$30,000.

The capital improvement plan for the years 1985 thru 1988 has also been updated as follows:

1. Funding for the replacement of a second dump truck in 1985.

2. Reserve fund additions in 1985 and 1986 for the Police Station relocation.

3. Increased State Aid allocations for reconstruction of both Stickney Hill (1985 and 1986). Estimated costs for these projects have increased from \$60,000 to \$80,000 and \$20,000 to \$75,000 respectively.

4. The State has also increased the estimated cost for the 1985 reconstruction of the Deer Meadow culvert from \$40,000 to \$50,000. This increases the Town shared cost by \$5,000.

5. A \$20,000 Reserve Fund to cover the Town's 1990 re-evaluation expense of \$70,000 is recommended to start in 1987.

Respectfully submitted,

DON HOUSTON, Planning Board, Chairman

JOHN HERRICK, Planning Board

HOPKINTON RECREATION COMMISSION

This year the Recreation Commission put its major effort into the Harold Martin School playground. A softball field was built with a stonedust infield to allow variations of base path length. It could be used for practice by any or all teams, and for games by all except the biggest. In addition to the playing surface, the banking around the infield was regraded and reseeded. A full-size backstop was erected. Finally, a temporary snow fence was erected to protect the new seedings on one hand, and the pupils' clothing and school floors on the other.

At the Maple Street School the infield was realigned and the dirt and grass base paths replaced with stonedust. The entire skin infield was also resurfaced with 4 inches of stonedust. Lack of rain caused some softness and dustiness that should be dispelled by winter and spring precipitation.

At Georges Park, new aluminum bleachers and team benches were acquired for the Little League field. The infield was repaired by a load of stonedust. The old scoreboard in right field was removed along with collected bushes and a straight section of 8-foot fence with gate was erected. The hard and bumpy infield on the new Little League field was removed and replaced by stonedust. A drinking fountain was erected at the tennis courts. Four picnic benches were purchased for the wooded area of the Park.

Just as the plentiful rain of a summer ago kept the park looking its best with all the use, this summer's lack of rain allowed all the wear and tear to show. The area of the soccer field was used especially hard, having no rest except during winter. Bare places have been seeded and all playing areas fertilized. Spring rains may revitalize them, but regular summer moisture is needed to keep the grasses instead of the weeds.

Respectfully submitted,
HOPKINTON RECREATION
COMMITTEE

HOPKINTON CONSERVATION COMMISSION

The Conservation Commission as well as the Town of Hopkinton suffered a great loss in 1983 with the demise of Commission Chairman Al Lewis. Al had been an active member since 1968 and his knowledge, guidance and humor will be sorely missed.

The Commission held regular monthly meetings throughout the year plus several meetings with the Selectmen. One member attended the annual New Hampshire Resource Recovery meeting of the New Hampshire Association of Conservation Commissions.

The local school education program received continued support from the commission. We sponsored high school student Patricia Galvin to the New Hampshire Youth Conservation Camp put on by the Society for the Protection of New Hampshire Forests.

The Commission again met with the Kimball Pond Study Committee to further discuss plans for a nature trail layout as well as other uses for the forest around Upper Kimball Pond.

A selectively marked timber sale was conducted on the Salt Shed Lot by Kearsarge Reel of Warner, New Hampshire. Approximately 80,000 board feet of low grade saw timber were harvested leaving the higher quality stems to further grow in volume and value. The sale netted the Commission \$5,333.00 of which \$2,333.00 was transferred to the Town's general fund.

Berry producing wildlife shrubs were again planted in the logging yard at the Gould Forest, with a higher survival rate than last year. Both the Gould Forest and the Salt Shed Lot were the sites of a well attended Town Forest Tour organized by the Commission in June. Plans are being made for a similar tour this year. The Gould Forest was also viewed as a pilot lot for a statewide Demonstration Forest Program.

An access driveway to the Aqueduct Lot from Route 103 was acquired through a minor land swap with an abutter. The Intervale Lot on Burnham Intervale was finally located and over 1,400 feet of Boundary line were blazed and painted.

The Hopkinton Boy Scout Troop was also active in the Town Forest Program. They thinned portions of the Foote Lot which resulted in some cordwood for the troop. Chuck Boatwright supervised the construction of a hiking trail on the Contoocook River Lot behind Mast Yard State Forest as his Eagle Scout work project. A map of the lot and trail was drafted by the Commission and is available at the Selectmen's Office.

The Rachael Johnson property acquisition project was again delayed by appraisal problems and other technical difficulties.

The Commission continued to assist the Selectmen in reviewing Current Use applications to insure proper compliance with the requested Current Use category. This practice of Commission review is now being imitated by several other town within the state.

We would like to thank both the Selectmen and the Townspeople for their continued support and assistance throughout the year.

CIVIL DEFENSE

Again this year the primary function of the Civil Defense Office was that of maintaining and improving the proficiency of the Rescue Squad. The Rescue Squad responded to 27 calls this year, five of these requiring the use of the Jaws of Life. Five responses were made to other surrounding communities.

New equipment added to the squad's inventory included 2 pagers, 2 six channel portable radios, 2 five foot handyman jacks, and highway cones.

We would like to thank all those who have supported the Rescue Squad through their donations and support of our annual auction. As always, anyone wishing to visit the Rescue Squad building to see the equipment that we have at our disposal may do so by contacting any Rescue Squad member.

Respectfully submitted,

BRUCE C. GEORGE, Director

HOPKINTON HISTORY COMMITTEE

Organization of the Hopkinton History Committee, to research, write, illustrate and publish a thoroughgoing history of the Town, has begun.

Volunteers are being sought for a number of tasks including: writing, editing, taping, research, photos and illustrations, indexing, secretarial and sales.

Anyone with material to contribute or who would otherwise like to help should please call Rose Hanson, 746-3444 or Stephen Winship, 224-0518.

FINAL REPORT OF THE BICENTENNIAL COMMITTEE 1976-1983

The 1976 Town Report gave a detailed report of Hopkinton's Bicentennial Activities and a financial statement. At the end of 1983 I felt it was time to close out the account in the New Hampshire Savings Bank.

Over the years we have continued to sell the medallions. With permission from the Selectmen the unsold coins were turned over to the Antiquarian Society. During 1977 and 1978 we continued to buy paperweights and chains from the Cushman Company of Whately, Massachusetts. In May, 1977 we gave a gift of \$125.00 to the Dearborn Company, a New Hampshire Volunteer Militia Outfit. In 1980 we purchased two benches for the Mini Park on Water Street, a joint project of the Women's Clubs of Contoocook and Hopkinton. In 1982, we paid for landscaping the Town Hall. (The Town Hall floor was an earlier project.) The William Long Memorial Building in Hopkinton received \$500.00 toward their fund drive. The balance left in the account at the end of 1983 was \$225.41. This was put in the Community Improvement Fund of the Contoocook Woman's Club. It will be used for plants around the fountain and other beautification projects. Hopefully there will be enough funds to do some restoration in a smaller Mini Park when the sewer project is completed.

The Historical Map account was kept separately. This was closed out in December, 1983 by Sally Patenaude, and \$51.19 was given to the Antiquarian Building Fund Drive.

Balance in N. H. Savings Bank—1/25/77	\$1,194.41
Income:	
Sales	392.17
Interest	425.16
Total	\$2,011.74
Expenditures:	
Cushman Co.	\$ 191.14
Mini Park benches	245.99
Dearborn Co.	125.00
Landscaping Town Hall	581.20
Antiquarian Society	500.00
Miscellaneous:	
Plants, mowing, postage, fertilizer, etc.	143.00
Community Improvement Fund	225.41
Total	\$2,011.74
Balance 11/4/83	00.00

Not all members of the large committee were contacted when hasty decisions were made concerning the above donations, but I feel they were all worthwhile projects to benefit our town.

We have been fortunate to have a local citizen interested in the many Bicentennial activities over the years. The following is a list of the events John Anderson has participated in representing Hopkinton.

Thanks to all,

CAROLYN B. WALLACE
Chairman

REPORT OF ANNUAL TOWN MEETING March 9, 1983

Moderator Philip S. Dunlap called the meeting to order at 8:01 o'clock in the forenoon and read an attested copy of the Warrant.

Rev. Robert Daggett of the First Congregational Church gave the invocation.

ARTICLE I: The following was offered by Robert York and moved its adoption, seconded by Stanley White.

I nominate the following Town Officers for the term of one year and move that the Town Clerk be instructed to cast one ballot for same:

Firewards:	Leonard L. George, Raymond C. Proctor, & Robert White
Fence Viewers:	Alfred N. Chandler, Roy Kimball & Thomas H. Pickens
Tree Warden:	David A. Story
Weigher:	Roger M. Andrus
Sexton:	Bernard G. Foster
Surveyors of Wood & Lumber:	Frank Story, Charles Sawyer & Everett Jones

Article adopted in the affirmative.

ARTICLE II: Action taken with respect to the following Zoning Amendment by voting by ballot:

A. Are you in favor of the adoption of an amendment as proposed by the Planning Board for the Town Zoning Ordinance as follows:

1. Amend TABLE 2. Use Regulations, ACCESSORY USES, paragraph #3 by deleting it in its entirety and substituting the following:

#3. Accessory building such as a private garage; playhouse; greenhouse; tool shed; private swimming pool; or similar accessory structures or additions. Subject to provisions of section 6.00.

R-1	R-2	R-3	B-1	M-1
P	P	P	P	P

Yes: 374

No: 178

ARTICLE III: Action taken with respect to the following question by voting by ballot thereon:

Do you approve of having 2 sessions for the Annual Town Meeting in Hopkinton, the first session for choice of Town Officers elected by an official ballot and other action required to be inserted on said official ballot and the second session, on a date set by the Selectmen, for transaction of other business: (Submitted by petition)

Yes: 484

No: 238

ARTICLE IV: The following was offered by Stanley White and moved its adoption, seconded by Thomas H. Johnson, Jr.:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the meeting recess its further business proceedings under the Warrant to reconvene on Wednesday, March 9, 1983, at 6:00 P.M. at Hopkinton High School; the polls, however, to continue open under ARTICLE I as declared by the Moderator.

The article adopted in the affirmative.

The Moderator declared the polls open for balloting. After ballots were counted, the Moderator declared the following results:

Regular ballots cast:	802	Names on Checklist:	2601
Absentee ballots cast:	<u>9</u>		
Total cast:	811		

Town Officers:

Selectmen (3 years)	Robert York	427
	John Prewitt	297
	William Muse	58
Town Clerk (1 year)	Thomas Johnson, Jr.	739
Town Treasurer	Owen L. French	739
Tax Collector (1 year)	Sue B. Strickford	765
Budget Committee (3 years)	Luciele Gaskille	489
	Charles George	465
	William Wallace, Jr.	415
Overseer of Public Welfare (1 year)	Barbara McCabe	705
Trustee of Trust Funds (3 years)	Richard Deane	663
Library Trustee (3 years)	Katrina Richardson	655
Cemetery Trustee (3 years)	Charles George	36
	David Packard	5
Board of Auditors	William Regan	25
	George Wallace	10
	Ray Mills	12

The meeting reconvened on Wednesday evening, March 9, 1983, at 6:00 P.M. at the Hopkinton High School.

Rev. Robert Daggett of the First Congregational Church gave the invocation.

The Moderator asked everyone in attendance to stand in memory of Arthur Duston, who served as Trustee of the Trust Fund for many years.

The Moderator gave the results of the voting and stated that it had been announced Tuesday, March 8, 1983, at the end of the balloting and declared the Officers elected.

ARTICLE V: The following resolution offered by Mr. Harry Parker and moved its adoption, seconded by Mr. Stan White:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town will vote to appropriate the sum of \$165,000.00 for the purpose of effecting repairs to the H. I. Davis Dam and to raise said sum by borrowing under the provisions of the Municipal Finance Act as amended; and to authorize the Selectmen to take all necessary action to carry out the provisions of this article; and to take any other action relating thereto. (Requires 2/3 majority vote by ballot to adopt) (Budget Committee recommends only \$85,000.00 of this appropriation)

Mr. Jack Prewitt, Chairman of the Hopkinton Hydro Committee was recognized and spoke on findings of the study done on the H. I. Davis Dam in Contoocook during the past year. He reported that the firm selected, called Rivers Engineering Firm, found that there are large structural damages to the dam due to age. The Hydro Committee and Rivers Engineering determined that they wanted the major emphasis of the study to be on the physical and structural characteristics of the dam and the lesser emphasis to be on the ability to generate Hydro Electricity. Mr. Prewitt reported that if there are no repairs to the dam and it deteriorates, there will be no threat to the property or the people of the Town, but the river depth will decrease.

Mr. Prewitt urged the Townspeople to pursue the engineering study at no cost to the Town and also to vote to appropriate the \$165,000.00 to repair the dam. Mr. Prewitt noted that the \$165,000.00 is only an estimate, it may or may not be the correct amount of money needed.

Mr. Robert York stated that he asked Fire Chief Thomas Krzyzaniak what effect the dam deterioration would have on the Fire Dept. Mr. York read a letter he received from Chief Krzyzaniak, which read it would be a major factor in the water supply in Contoocook Village. The area behind the dam is an excellent pump site from either bank in the Village. It would be detrimental to fire suppression efforts in the Village area to lose this valuable water source.

Mr. Harry Parker stated that if this money is appropriated the Hydro Committee will continue to seek out a developer to incorporate a Hydro Generation facility as well as repair the dam at no cost to the Town.

The Moderator declared that a 2/3 vote be required.

218 ballots cast (1 spoiled)

145 voted in favor

72 voted in opposition

The article was adopted in the affirmative.

ARTICLE VI: The following resolution offered by Mr. Mike Sanborn and moved its adoption, seconded by Mr. Robert York:

Resolved by the Town of Hopkinton, in Town Meeting convened, to see if the Town will vote to authorize the Selectmen to negotiate and enter into a Lease Agreement with a developer for the purpose of developing hydro-electricity at the Contoocook Dam Site (H. I. Davis Dam), upon such terms and conditions and for such period of time as may be deemed by the Selectmen to be in the best interest of the Town.

Mr. Jack Prewitt stated he realized that the amount of money that the Hydro Committee has asked for is a significant expenditure and he hoped the Committee would not have to use it.

Article adopted in the affirmative.

ARTICLE VII: The following resolution offered by Mr. Thomas Johnson and moved its adoption, seconded by Ms. Toni Gray:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town vote to adopt the following resolution and to grant the Selectmen the authority to enforce same as required:

WHEREAS, certain areas of Hopkinton are subject to periodic flooding, mudslides (i.e., mudflows), or flood-related erosion, causing serious damages to properties within these areas; and

WHEREAS, relief is available in the form of Federally subsidized flood insurance as authorized by the National Flood Insurance Act of 1968; and

WHEREAS, it is the intent of this Town Meeting to require the recognition and evaluation of flood, mudslide (i.e., mudflows), or flood-related erosion hazards in all official actions relating to land use in areas having these hazards; and having the legal authority to adopt land use and central measures to reduce future flood losses, pursuant to RSA 31, 36, 156 and 156A;

NOW THEREFORE BE IT RESOLVED, that the Town of Hopkinton:

- A. Assures the Federal Insurance Administration that it will enact as necessary, and maintain in force in those areas having flood, mudslide (i.e., mudflow), or flood related erosion hazards, adequate land use and control measures with effective enforcement provisions consistent with the criteria set forth in Section 1910 of the National Flood Insurance Program Regulations; and
- B. Vests the Selectmen with the responsibility, authority and means to:
 1. Assist the Administrator, at his request, in his delineation of the limits of the area having special flood, mudslide (i.e., mudflow), or flood-related erosion hazards.
 2. Provide such information as the Administrator may request concerning present uses and occupancy of the flood plain, mudslide (i.e., mudflow), or flood-related erosion areas.
 3. Cooperate with Federal, State and local agencies and private firms which undertake to study, survey, map and identify flood plain, mudslide, (i.e., mudflow), or flood-related erosion areas, and cooperate with neighboring communities with respect to management of adjoining flood plain, mudslide, (i.e., mudflow), and/or flood-related erosion areas in order to prevent aggravation of existing hazards.
 4. Submit on the anniversary date of the community's initial eligibility an annual report to the Administrator on the progress made during the past year within the community in the development and implementation of flood plain management measures.
 5. Upon occurrence, notify the Administrator in writing whenever the boundaries of the community have been modified by annexation or the community has otherwise assumed or no longer has authority to adopt and enforce flood plain management regulations for a particular area. In order that all Flood Hazard Boundary Maps and Flood Insurance Rate Maps accurately represent the community's boundaries, include within such notification a copy of a map of the community suitable for reproduction, clearly delineating the new corporate limits or new area for which the community has assumed or relinquished flood plain management regulatory authority.
- C. Appoints the Board of Selectmen to maintain for public inspection and to furnish upon request, for the determination of applicable flood insurance premium rates within, all areas having special flood hazards identified on a Flood Hazard Boundary Map or Flood Insurance Rate Map, and certificates of flood proofing and information

on the elevation (in relation to mean sea level) of the level of the lowest habitable floor (including basement if habitable) of all new or substantially new improved structures, and include whether or not such structures contain a basement, and if the structure has been flood-proofed the elevation (in relation to mean sea level) to which the structure was flood-proofed;

D. Agrees to take such other official action as may be reasonably necessary to carry out the objectives of the program also,

WHEREAS, the Town of Hopkinton wishes to establish eligibility in the National Flood Insurance Program and in order to do so must meet the requirements of 1910 (b) of the Federal Insurance Administration regulations.

Now, Therefore, the following measures shall be required within Zone A of the Flood Hazard Boundary Map issued by the Federal Insurance Administration for this community.

Section A: Permit Requirements

No person shall erect, construct, enlarge, alter, repair, improve, move or demolish any building or structure without first obtaining a separate permit for each building or structure from the designated responsible person.

No man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving excavation or drilling operations, shall be commenced until a separate permit has been obtained from the designated responsible person for each change.

No mobile home shall be placed on improved or unimproved real estate without first obtaining a separate permit for each mobile home from the designated responsible person.

Section B: Application

To obtain a permit, the applicant shall first file a permit application on a form furnished for that purpose. The form must be completed and submitted to the designate responsible person, i.e., the Board of Selectmen, before the issuance of a permit will be considered.

Section C: Review of Applications

The Board of Selectmen, hereinafter referred to as the responsible person, is appointed as the "person" responsible for receiving applications and examining the plans and specifications for the proposed construction or development.

After reviewing the application, the responsible person shall require any additional measures which are necessary to meet the minimum requirements of this document.

Section D: Completion of Permits

The responsible person shall review proposed development to assure that all necessary permits have been received from those governmental agencies from which approval is required by Federal or State law, including Section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1334.

Section E: Building Sites

The responsible person shall review all permit applications to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a flood prone area, all new construction and substantial improvements (including the placement of prefabricated buildings and mobile homes) shall: (i) be designed (or modified) and adequately anchored to prevent flotation, collapse, or lateral movement of the structure, (ii) be constructed with materials and utility equipment resistant to flood damage and (iii) be constructed by methods and practices that minimize flood damage;

Section F: Safe from Flooding

The responsible person shall review subdivision proposals and other proposed new development to determine whether such proposals will be reasonably safe from flooding if a subdivision proposal or other proposed new development is in a flood prone area, any such proposals shall be reviewed to assure that (i) all such proposals are consistent with the need to minimize flood damage within the flood prone area, (ii) all public facilities, such as sewer, gas, electrical, and water systems are located and constructed to minimize or eliminate flood damage, and (iii) adequate drainage is provided to reduce exposure to flood hazards.

Section G: Water Supply

The responsible person shall require within flood prone area new and replacement water

supply systems to be designed to minimize or eliminate infiltration of flood waters into the systems; and

Section H: Sewage System

The responsible person shall require within flood prone areas (i) new and replacement sanitary sewage systems to be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters and (ii) on-site waste disposal systems to be located to avoid impairment to them or contamination from them during flooding.

Section I: Subdivision Considerations

The responsible person shall require that all subdivision proposals and other proposed new developments greater than 50 lots or 5 acres, whichever is the lesser, include within such proposals base flood elevation data;

Section J: Elevation Criteria

The responsible person shall obtain, and reasonably utilize any base flood elevation data available from a Federal, State or other source, until such other data has been provided by the Administrator, as criteria for requiring that (i) all new construction and substantial improvements of residential structures have the lowest floor (including) basement elevated to or above the base flood level and (ii) all new construction and substantial improvements of nonresidential structures have the lowest floor (including basement) elevated or flood-proofed to or above the base flood level;

Section K: Insurance Risk

For the purpose of the determination of applicable flood insurance risk premium rates within Zone A on a community's FHBM, the responsible person shall (i) obtain, or require the applicant to furnish, the elevation (in relation to mean sea level) of the lowest habitable floor (including basement) of all new or substantially improved structures, and whether or not such structure has been floodproofed, the elevation (in relation to mean sea level) to which the structure was floodproofed and (iii) maintain a record of all such information.

Section L: Relocation of Watercourse

The responsible person shall notify, in riverine situations, adjacent communities and the State Coordinating Office prior to any alteration or relocation of a watercourse and submit copies of such notifications to the Federal Insurance Administration;

Section M: Capacity

The responsible person shall assure that the flood carrying capacity within the altered or relocated portion of any watercourse is maintained;

Section N: Mobile Homes

The responsible person shall require that all mobile homes to be placed within Zone A on the community's Flood Hazard Boundary Map shall be anchored to resist flotation, collapse, or lateral movement by providing over-the-top and frame ties to ground anchors. Specific requirements shall be that (i) over-the-top ties be provided at each of the four corners of the mobile home, with two additional ties per side at intermediate locations and mobile homes less than 50 feet long requiring one additional tie per side; (ii) frame ties be provided at each corner of the home with five additional ties per side at intermediate points and mobile homes less than 50 feet long requiring four additional ties per side; (iii) all components of the anchoring system be capable of carrying a force of 4,800 pounds; and (iv) any additions to the mobile home be similarly anchored.

Section O: Map Issuance

The Flood Hazard Boundary Map issued by the Federal Insurance Administration for this community date 8-23-74, with Panel Numbers 1-12, and any officially published revisions to this map, is adopted as the official map for the enforcement of this document. Zone A on this map delineates the area within which the requirements of this document will be enforced.

Section P: Definitions

DEFINITIONS. Unless specifically defined below, words or phrases used in this document

shall be interpreted so as to give them the same meaning as they have in common usage and so as to give this document its most reasonable application.

"Base Flood" means the flood having a one percent chance of being equalled or exceeded in any given year.

"Development" means any man-made change to improved or unimproved real estate including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation, or drilling operations.

"Flood" means a general and temporary condition of partial or complete inundation of normally dry land area from:

1. The overflow of inland or tidal waters.
2. The unusual and rapid accumulation of runoff of surface waters from any source.

"Flood plain" or "flood prone area" means any land area susceptible to being inundated by water from any source (see definition of "flood").

"Floodproofing" means any combination of structural and nonstructural additions, changes, or adjustments to structures which reduce or eliminate flood damage to real estate or improved real property, water, and sanitary facilities, structures and their contents.

"Habitable floor" means any floor usable for living purposes, which includes working, sleeping, eating, cooking or recreation, or a combination thereof. A floor used only for storage purposes is not a "habitable floor."

"Mobile home" means a structure, transportable in one or more sections, which is built on a permanent chassis and designed to be used with or without a permanent foundation when connected to the required utilities. It does not include recreational vehicles or travel trailers. The term includes but it is not limited to, the definition of "mobile home" as set forth in regulations governing the Mobile Home Safety and Construction Standards Program (24CER 3282.7(a)).

"Person" includes any individual or group of individuals, corporations, partnership, association, or any other entity, including State and local governments and agencies.

"Riverine" means relating to, formed by, or resembling a river (including tributaries), stream, brook, etc.

"Structure" means, for flood plain management purposes, a walled and roofed building, including as gas or liquid storage tank, that is principally above ground, as well as a mobile home.

"Substantial improvement" means any repair, reconstruction, or improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure either, (a) before the improvement or repair is started, or (b) if the structure has been damaged, and is being restored, before the damage occurred. For the purposes of this definition "substantial improvement" is considered to occur when the first alteration of any wall, ceiling, floor, or other structural part of the building commences, whether or not that alteration affects the external dimensions of the structure. The term does not, however include either (1) any project for improvement of a structure to comply with existing state or local health, sanitary, or safety code specifications which are solely necessary to assure safe living conditions or (2) any alteration of a structure listed on the National Register of Historic Places or a State Inventory of Historic Places.

Mr. Derek Owen asked the Selectmen for a brief explanation of the Article VII. Selectman Robert York addressed Mr. Owen's request to Mr. Donald Houston, who is the Planning Board member delegated to the Flood Plain Issue.

Mr. Houston stated that Mr. Bill Hoffman, who is the State Coordinator for the National Flood Insurance Program offered some information that should be read at Town Meeting. Mr. Houston stated that the Town of Hopkinton has been participating in this program since 1975. There is 430,000.00 dollars in insurance coverage in this Town, with premiums of approximately 2,300.00 dollars. There are ten locations that are covered by this insurance. Mr. Houston explained that the requirements for flood insurance are very strict and if the Town decides not to adopt this article there are penalties to those who want the insurance.

The Moderator stated that this article does not require a two-thirds vote.

The Article adopted in the affirmative.

ARTICLE VIII: The following resolution was offered by Thomas Johnson, Jr. and moved its adoption, seconded by Mr. Robert York:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town adopt the following ordinance, effective this date, and to grant the Selectmen authority to enforce same as required:

- A. Definition of Terms: As used in this regulation, unless the context otherwise indicates.
1. The term "amusement device" shall mean any machine which, upon the insertion of a coin, slug, token, plate or disc, may be operated by the public generally for use as a game, entertainment or amusement, whether or not registering a score. It shall include such devices as electronic games, pin ball machines, skill ball, mechanical grab machines, and all games, operations or transactions, similar thereto under whatever name they may be indicated. The term does not include vending machines in which are not incorporated gaming or amusement features, nor does the term include any coin operated musical devices, rides, or pool tables.
 2. The terms "person," "firm," "corporation," or "association," as used herein shall include the following; any person, firm, corporation or association which owns any amusement device; the person, firm, corporation or association in whose place of business any amusement device is placed for use by the public and the person, firm, corporation or association having control over an amusement device provided, however, that the payment of the license fee by any person, firm, corporation or association enumerated herein shall be deemed a compliance with Section E.
 3. The term "amusement center" shall mean any premises having thereon available for use by the general public four (4) or more amusement devices.
- B. Gambling Devices Not Permitted: Nothing in this ordinance shall in any way be constructed to authorize, license, or permit any gambling devices not permitted by State Law.
- C. License Required: No person, firm, corporation or association shall display for public patronage, or keep for operation any amusement device as defined in Section 1 without first having obtained a proper license/permit from the Town of Hopkinton. All licenses/permits under this article shall expire on the July 30th next following their issuance and may be renewed only after compliance with the procedures established by this article for the issuance of the original license/permit.
- D. Amusement Center License: Applicants having available for use by the general public at one location four (4) or more amusement devices shall comply with all requirements of the Town of Hopkinton Ordinances.
1. Management Plan: The application for an amusement center license shall include, in addition to other required information, a management plan which at a minimum will set forth the following:
 - a. The actual hours of operation;
 - b. The minimum number of employees on duty at any time;
 - c. Parking facilities for patrons;
 - d. A plan designed to avoid nuisances and insure compliance with Town of Hopkinton Ordinances;
 - e. Rules governing the presence of minors unaccompanied by an adult;
 - f. Rules and regulations to be posted on the premises governing the operation of the center and conduct of its patrons. These rules should include but not be limited to such matters as dress code, consumption or possession of alcoholic beverages or controlled drugs, loitering, presence of minors during school or evening hours, and maximum occupancy.
 2. Notice, Hearing, Appeal: The Board of Selectmen shall not issue a license to an amusement center until ten (10) days after he has published notice of the application for a license in a newspaper of general circulation in the Town. During this ten (10) day period, the Board of Selectmen shall accept written comment from the public concerning the application. At the end of the ten (10) day period, the Board of Selectmen shall grant or deny the license and set the maximum hours of operation of the amusement center. Any person aggrieved by the decision of the Board of Selectmen to license an amusement center may within five (5) days from the date of the decision to license request the Board of Selectmen to hold a public hearing on the application and to reconsider their decision. A renewal of an amusement center license shall be subject to the condition and proceedings of this section.
 3. Suspension and Revocation: A license issued under the provisions of this article to an amusement center may be suspended or revoked for violation of any provision of the management plan filed with the Board of Selectmen or any condition imposed by the Zoning Board of Adjustment in granting the required special exception or variance depending on zone.
- E. Amusement Device: Applicants having available for use by the general public at one location less than four (4) amusement devices shall obtain a permit pursuant to the provisions of this article.

F. Application: The application for an amusement center and/or amusement device license shall in addition to such information as may be required by the Board of Selectmen contain the following information:

- 1. The name and address of the applicant, and if a firm, corporation, partnership or association, the principal officers thereof and their addresses;

The address of the premises where the licensed device or devices are to be operated, together with the character of the business as carried on at such place;

A general description of the type of device or devices to be licensed;

The name and address of the owner of the device or devices, if other than the applicant.

No license shall be issued to any applicant unless he shall be over eighteen (18) years of age.

G. License Fees: Every amusement center applicant, before being granted a license, shall pay a license fee of one hundred dollars (\$100.00) per year plus a fee per machine (see paragraph K). All license fees shall be payable annually in advance provided, that where application is made after the expiration of any portion of any license year, a license may be issued for the remainder thereof upon payment of a proportionate part of the annual fee. In no case shall any portion of the license fee be repaid to the licensee.

H. Transfer of License: A license shall not be transferable from person to person nor place to place, and shall be useable only at the place and by the person designated on the license.

I. Conditions and Restrictions: All licenses shall be subject to such conditions and restrictions as the Board of Selectmen deems it proper to impose.

J. Time: Every amusement center shall be permitted to stay open for the reception of patrons from 10:00 a.m. in the morning until 10:00 p.m. in the evening, except Sundays when operation is not permitted.

K. Annual Fee Per Machine: See Paragraphs E and G.

NUMBER OF MACHINES	FEE
Each Machine	\$100.00 per year

Mr. Dick Lord asked where did this Article originate from. Mrs. Gray replied from Raymond, N. H.

David French asked why could the students not play the games during the evening hours. Mrs. Gray replied that people will not be restricted in the evenings but they will simply be asking for a management plan concerning evening hours.

Mr. Don Place asked if an establishment already has these machines in use, are they still expected to pay \$100.00 per machine. Toni replied that they will pay \$100.00 per machine but will not pay the other \$100.00 for a license.

Sue Pisinski asked why is the \$100.00 fee necessary per machine. Toni replied that it seemed a reasonable fee to ask, considering the profits made on the machines.

Chief Chester Jordan added that in reviewing other towns and the procedures that they use, it was in consistency with what they recommended for the amounts.

David Craig asked is there anything in the Article that excludes these machines during fair season and why does the Town vote on a problem that does not exist in Town. Toni, in answer to Mr. Craig's second question, replied that they would like to have an Ordinance in place before there is a problem. Toni replied that the during Fair season is not specifically mentioned in the Article.

Sue Pisinski asked if it would be possible to put through this Article and have some restrictions, and not have the \$100.00 fee. She thought that there were just two businesses in Town that have these machines.

Sue Pisinski offered an amendment to Article VIII to omit the \$100.00 fee for each machine. Seconded by Betsey Wilder.

Toni Gray asked Mrs. Pisinski if she was trying to protect the machines that are already in Town. Toni stated that those machines are already protected, they are grand-fathered, and they do not pay the \$100.00 per year fee.

Tony Dater offered an amendment to the amendment, to make it no fee will be required for any establishment with three or fewer machines. Seconded by Charles Douglas.

Dick Jackson asked for clarification if these machines are exchanged during the course of the year, even if they are grand-fathered, do the permits apply to a particular machine or the number of machines in general. Because he knows that these machines are changed periodically in establishments. Mr. York replied that yes they could change it and the number of machines they have now would be grand-fathered.

Charles Douglas wanted to clarify some confusion in the back of the hall. Under Section

C., a license or a permit is needed and it will expire on July 30th and under Section D. you receive a license for an amusement center, under Section E. you receive a permit if you have less than 4 machines. He stated that when you get to the Application Section there is no mention of permit. Mr. Douglas asked if Section F. should read the Application for an amusement center license and/or amusement device permit shall in addition to such information as may be required by the Board of Selectmen contain the following information (continues in Article VIII, Section F.) Toni felt that Mr. Douglas had clarified it very nicely and thanked him for his help. Mr. Douglas stated that he would offer an amendment to do that if that is what the Selectmen seek, he asked do the Selectmen want the establishment owners to apply for a permit if they have one or two machines. Toni replied that Mr. Douglas' amendment would be in order and the Selectmen thanked him.

Chuck Dibble asked clarification of the amendment to the amendment. Moderator Dunlap clarified it for him. He stated that he did not see anywhere in the Article where it states that have had these machines previously are grand-fathered and he was not aware that there was an automatic grand-father clause for a new Ordinance of this nature. Toni stated that the Selectmen feel Mr. Dibble has raised a very good point and after they go through the Amendments, the Selectmen would like to add an Amendment that would spell this out, she thanked Mr. Dibble.

The Moderator stated that the question is on the adoption of Mr. Dater's Amendment to the Amendment, and it is open to discussion. There was no discussion.

By a voice vote the Amendment to the Amendment was defeated.

The Moderator stated that the question is now on the Amendment to the Article offered by Sue Pisinski, which would omit the \$100.00 fee on each machine.

Charles Douglas moved to Amend after the word application, in Section F., strike out that sentence and have it read: The application for an amusement center license and/or an amusement device permit shall in addition to such information as may be required by the Board of Selectmen contain the following information:

1. The name and address of the applicant, and if a firm, corporation, partnership, association, the principal officers thereof and their addresses;

The address of the premises where the licensed device or devices are to be operated, together with the character of the business as carried on at such place;

The general description of the type of device or devices to be licensed;

The name and address of the owner of the device or devices, if other than the applicant.

No license shall be issued to any applicant unless he shall be over eighteen (18) years of age.

Sherry Emley moved to Amend the Amendment to strike K. from the Article.

Kathy Schoch wanted Sue Pisinski to clarify here Amendment to the Amendment.

Sue Pisinski stated that she thought that the Amendment to the Amendment had been voted down. The Moderator stated that only Mrs. Pisinski's Amendment is being considered at the moment. Mrs. Pisinski stated that her Amendment would not make any difference if the two restaurants in Town that are involved are actually under the grand-father clause. Mrs. Pisinski stated that if these establishments will be protected from the fee then she felt that her Amendment could be stricken.

Mrs. Pisinski asked if an Amendment could be written to state that the machines that are already in place do not need to have the \$100.00 fee. The Moderator declared that the Amendment would be in order. Charles Douglas stated that Mrs. Pisinski's Amendment has been worked into this Amendment to read, New Paragraph L.: Existing devices; All existing devices shall be exempt from the provisions of this Ordinance.

The Moderator stated that they would proceed with Mrs. Pisinski's Amendment and then take up Mr. Douglas' Amendment to the Article.

Mrs. Pisinski withdrew her Amendment. Mrs. Wilder withdrew her second to Mrs. Pisinski's Amendment.

Charles Douglas moved to amend the following in Section F.-1 to read:

The first line: "The application for an amusement license and/or amusement device permit shall in addition to such information as may be required by the Bd. of Selectmen contain the following information:"

The second sentence in F.-1: "The address of the premises where the device or devices are to be operated, together with the character of the business as carried on at such place;"

The third sentence in F.-1: "A general description of the type of device or devices to be licensed with subject to license or permit;"

Section I: "Conditions and Restrictions: All licenses or permits shall be subject to such con-

ditions and restrictions as the Board of Selectmen deems it proper to impose.”

New Section L: “Existing devices; All existing devices shall be exempt from the provisions of this Ordinance.” Seconded by Sue Pisinski.

Amendment to the Article was adopted.

The Moderator stated that the question is now on the Article as amended.

Article adopted in the affirmative.

ARTICLE IX: The following was offered by Lucielle Gaskille and moved its adoption, seconded by Stan White.

Resolved by the Town of Hopkinton, in Town Meeting convened, that the sum of \$785,300.00 as enumerated in the Town Warrant and printed in the Town Report, be and is hereby raised and appropriated for general government operation:

1. Selectmen's Office	\$ 51,154.00
2. Town Clerk's Office	9,352.00
3. Election & Registration	2,465.00
4. Cemeteries	15,450.00
5. General Government Buildings	5,150.00
6. Assessing Office	12,623.00
7. Planning and Zoning	7,724.00
8. Legal Expenses	11,000.00
9. Tax Collector's Office	10,457.00
10. Contingency Fund	10,000.00
11. Police Department	159,781.00
12. Fire Department	103,980.00
13. Civil Defense	4,006.00
14. Building Inspection	1,000.00
15. Sidewalks	1,500.00
16. Care of Trees	2,500.00
17. Town Maintenance-Highway	163,100.00
18. Highway General Expense	31,590.00
19. Street Lights	1,350.00
20. Sanitary Landfill	25,000.00
21. Health Department	19,256.00
22. Old Age Assistance	10,000.00
23. Town Poor	800.00
24. Community Action Program	1,802.00
25. Parks & Recreation	16,375.00
26. Patriotic Purposes	800.00
27. Conservation Commission	730.00
28. Hopkinton Community Center	10,850.00
29. Principal-Long Term Notes	46,000.00
30. Interest-Long Term Notes	578.00
31. Interest-Tax Anticipation Notes	40,000.00
32. Hydrant Rental	1,500.00
33. Sewer Repair	2,500.00
34. Insurance	4,927.00

No discussion.

Article adopted in the affirmative.

ARTICLE X: The following was offered by Mrs. Mitchell and moved its adoption, seconded by Mr. York:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the sum of \$22,829.00 be and is hereby raised and appropriated for the libraries.

No discussion.

Article adopted in the affirmative.

ARTICLE XI: The following was offered by Mr. Mitchell and moved its adoption, seconded by Mr. York:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the sum of \$1,815.00 be and is hereby raised and appropriated for Town Road Aid. (The State to contribute \$12,101.50).

No discussion.

Article adopted in the affirmative.

ARTICLE XII: The following was offered by Scott Clay and moved its adoption, seconded by Toni Gray:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the sum of \$35,000.00 be and is hereby raised and appropriated for New Construction and Highways. (State to contribute \$17,009.11).

Mr. Foote asked where the new construction will take place. Selectman White replied that the new construction will be approximately 1800 feet on Briar Hill Road and approximately 1800 feet on Stickney Hill Road.

No discussion.

Article adopted in the affirmative.

ARTICLE XIII: The following was offered by Mrs. Lee Wilkie and moved its adoption, seconded by Mr. York:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the sum of \$28,500.00 be and is hereby raised and appropriated for the purpose of purchasing a used ladder truck for the Hopkinton Fire Department. \$25,000.00 is to be taken from Revenue Sharing Funds; \$2,800.00 to be withdrawn from the Capital Reserve Fire Truck Fund; \$700.00 to be raised by taxes.

Fire Chief Tom Krzyzaniak was recognized and stated that the purpose of this Article is to replace a 1938 ladder truck that is failing rapidly. The truck they intend to buy will probably last another 15 years without having to buy a new one.

No discussion.

Article adopted in the affirmative.

ARTICLE XIV: The following was offered by Mr. Jackson and moved its adoption, seconded by Toni Gray:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the sum of \$70,000.00 be and is hereby raised and appropriated for the purpose of constructing a new Highway Garage; with \$70,000.00 to be withdrawn from the Capital Reserve Town Garage Fund for said purpose.

Dick Carew asked how much money is now in Capital Reserve. Robert York replied that there is \$79,000.00 in now.

Bob Wells asked where the garage is going to be built. Selectman Gray replied that it will be built at the site of the Sewage Treatment Plant on Maple Street.

Mrs. Lewis asked why that particular site was selected. Selectman Gray replied that site would be more suitable than the present site. Their present site is on a very dangerous curve, it is unsightly and they hoped to get a more favorable bid on construction if they can build it in conjunction with the Sewage Treatment Plant.

Leland Wilder asked what will happen to the old garage. Selectman Gray replied that the Selectmen have not discussed that yet but would be happy to have suggestions.

Ken Lima asked what kind of Highway Garage could be built for \$70,000.00. Mr. York replied that it will be a three bay garage steel structure, it will be open with bathrooms.

Derek Owen asked is the new site of the Highway Garage contingent upon Article 20. Selectman York replied no.

Mr. Paul Otis asked will they be spending \$70,000.00 or \$140,000.00. Selectman Gray replied that it was confusing language but the Selectmen are required by law to word it that way. She assured Mr. Otis it would be \$70,000.00.

No further discussion.

Article adopted in the affirmative.

ARTICLE XV: The following was offered by Mr. Les Townes and moved its adoption, seconded by Mr. Dick Lord:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the sum of \$10,000.00 be and is hereby raised and appropriated for the purpose of effecting repairs to the Kimball Pond Property. \$2,000.00 for dam repair and \$8,000.00 for leachfield replacement.

Mr. Dick Lord was recognized and gave a brief report of the study done by the Kimball Pond Committee. He stated that members of the committee are Barbara Boatwright, Sue Drescher, Derek Owen, Peter Dwyer, Dick Vogt and himself.

He stated that the committee has been meeting monthly to design a plan for the area. In October they were informed that there was a problem with the septic system at the Horseshoe Tavern.

On the Warrant for 1983 there is \$8,000.00 for septic system modification, their system designer feels it is a high figure and hopes it can be done for less.

The Committee feels that they should get the maximum use for the least cost. They have started with a skating area, with the help of Merrimack County Telephone Co., Public Service Co., and Don Patscheider they have installed lighting for ice skating. The Lions Club has agreed to help with snow removal. With the help of the Town Conservation Committee they hope to design a nature trail around the pond. Other possible uses for the area might be fishing, canoeing and sailing, possibly swimming.

Mr. Lord stated that the \$2,000.00 for dam repair would be for sandblasting the dam and adding new concrete. The Committee hopes to get the assistance of David Story the Road Agent to clean the upper area of the dam.

Mr. Lord stated that at present they are waiting word from the Water Pollution Commission on extension of their compliance date. The Committee feels the Town has two choices, to spend the \$8,000.00 and fix the system, which was the unanimous recommendation of the Committee or losing approximately \$6,000.00 of restaurant income, possible abandonment of the building which has historical value and loss of future use of a Town building or other occupancy and this would be because there would be no septic system to accommodate usage of the building.

No discussion.

Article adopted in the affirmative.

ARTICLE XVI: The following was offered by Mr. Meisner and moved its adoption, seconded by Mr. Stan White:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the sum of \$12,000.00 be and is hereby raised and appropriated for the purpose of creating a municipal parking lot in Contoocook Village; said lot to be between the existing Reed's Store and running westerly to property of the Contoocook Grange. (This appropriation not recommended by the Budget Committee).

Selectman White was recognized and stated that the Budget Committee and the Selectmen are not recommending this Article because of all the sewage construction going on. They felt that if it was done this year it would not work out because of all the construction on Cedar Street.

Ed Leadbeater moved to pass over Article XVI. Seconded by Mr. Hampe.

Mrs. Mitchell wanted to know why Mr. Leadbeater moved to pass over Article XVI. Mr. Leadbeater replied that Selectman White already gave the reason, the Selectmen and the Budget Committee do not recommend it because they would have to re-do the parking lot that had already been done, once the construction began.

No further discussion.

The motion prevailed and the Article was passed over.

ARTICLE XVII: The following offered by Kenneth Lima and moved its adoption, seconded by Mr. Robert York:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town will vote to adopt the provisions of RSA 76:15-a & 15-b, establishing semi-annual collection of property taxes, effective commencing tax year 1984.

Mr. David Lange was recognized and stated that there was a Committee that met and consisted of Mr. Lange and Owen French, John Hastings, Garrett Holdenbrook, and Sue Strickford.

Some of the considerations of the Committee were the advantages to semi-annual collection of property taxes:

1. Easier to pay a bill in July, rather than a large bill in December, when Christmas and winter costs are at their peak.
2. There is a small savings on the tax rate.
3. It would be more equitable for the Town, the Town would be collecting taxes 5 months earlier instead of waiting 11 months to collect.
The Town would save money on interest by not borrowing so much money throughout the year.
4. The percentage of taxes collected would be expected to increase, revenues would be generated at a faster pace than in prior years.

He explained some of the disadvantages:

1. Taxpayers would not recognize a significant savings on the Tax Rate. The Committee figured it around 1%.
2. The Town Office personnel would have a heavier workload throughout the year and more compensation would be needed for the office help.
3. Taxpayers will have to pay their taxes 5 months earlier than usual. The burden of this may be great for people with Christmas Clubs, money market certificates, people with fixed incomes.
4. The Town would be billing on one half of the previous year's tax rate on the first billing, the true tax will be set in the fall by the State and adjustments and exemptions will be added on the final bill when the tax is computed. It will not always give people a true idea of their actual tax bill for the year.
5. The Town will have to educate the Taxpayers on semi-annual collection.
6. The Taxpayers cannot lump sum their payments to decrease federal income tax.

Mr. Don Place asked how much interest income would it increase in Town personnel. Mr. Lange replied that he did a cash flow projection for 1983 based on estimated revenue and expenditures. He also did a cash balance projection for each month throughout the year. If the Town were to adopt the Article, based on his estimates the interest income for 1983 would be approximately \$28,700.00 and the interest expense would be \$11,510.00 so there would be a net tax savings of \$17,000.00 but this would be before the cost of any increase in salaries of Town Office personnel.

Mr. Foote asked if the Town could save \$10,000.00. Mr. Lange replied yes, when he did his estimates he took last years figures and decreased it \$150,000.00 in the anticipation that the State would not remit as much money as they have in the past and if that is not the case there is going to be that much more interest revenue.

Mr. Jack Prewitt spoke in favor of the Article. He stated that he had been involved with other committees who have done this and they are totally satisfied with the plan.

Mr. Owen French stated he went back over 10 years of records and found out that regardless of what happens the Town always runs out of money the latter part of April and first of May, so the Town has to borrow whether they go to semi-annual or not. He further stated that they run out again the latter part of October, and the beginning of November and again they would have to borrow money. Mr. French applied this on a personal basis, he went back 79-82, took his actual tax bill and he took one half of that which would be due in July, he took his interest he had received monthly – July 1st through December 1st – and it meant that it would be an interest savings to him of \$33.73 of interest if he did not pay it until December 1st. To get the tax rate down to point where he breaks even, it would be necessary to reduce the budget by 37,500.00. In 1980 the difference was 30.51 which worked backwards through the tax rate meaning the budget would have to be reduced by \$42,000.00. In 1981 there was an interest saving to him of \$44.85, to break even the budget would have to be reduced by 78,000.00. In 1982 the interest was \$34.41 which would reduce the budget by \$65,000.00. He expressed strong opposition to the Article.

Mr. Lima what interest rates were the figures based upon. Mr. French replied that he used the interest rate that he had received, he had money market certificates and in 1979 the five month average was 13.3, in 1980 the five month average was 9.9, in 1981 the average was 16.72, in 1982 the average was 10.98.

Mr. Ransmeir asked Mr. French if any study was done on the accounting and bookkeeping costs. Mr. French replied that the Committee estimated approximately \$10,000.00 per year additional costs.

Mr. Lange stated one way to reduce some of those costs would be to send the resident tax and the June payment of the Town Tax in the same envelope.

No further discussion.

Article was defeated.

The Moderator declared a five minute recess.
The Moderator called the Meeting back to order.

ARTICLE XVIII: The following was offered by Mr. Collins and moved its adoption, seconded by Mr. Robert York:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town will vote to authorize the Selectmen to sell the property and building known as the Hopkinton Community Center, Maple Street, Contoocook, to the Board of Governors of the Community Center for the price of \$1.00, with the stipulation that should the building cease to function as a center for community activities, ownership would revert once more to the Town.

Mr. Perry Killam was recognized and stated that there are two basic reasons they are asking for this: 1. it would give them better control over the building. 2. they have been urged by United Way and State Recreational Department that they should have some protection against the Town deciding to take the building away from them.

Article open for discussion.

Mr. Drescher asked if the \$10,850.00 appropriated for general operation of the Community Center will be resolved from the Town expense if the building is turned over to the Board of Governors. Selectmen York replied that they would give the Community Center a flat rate per year. Should a problem come up such as repairing the roof, they would probably have to earn the money as the Town would not have the money during the year.

Mr. Drescher asked why do the Board of Governors feel that the Selectmen would take the building away from them. Selectman York replied that he did not know.

Mr. Killam stated that the Board of Governors have no particular reason why the Selectmen would take it away, this is just a precaution that they are advised to take.

Mr. Leadbeater stated that contrary to Mr. Killam's statement, some of the senior citizens in Town have expressed concern that some of the activities that go on at the Community Center, such as Dial-a-ride will discontinue. He asked will the seniors be assured that Dial-a-ride and the senior services will continue at their present location. Mr. York stated that Mr. Leadbeater could make an amendment to Article so that the seniors would be protected in the future.

Mr. Leadbeater offered an amendment to Article XVIII to read: To see if the Town will vote to authorize the Selectmen to sell the property and building known as the Hopkinton Community Center, Maple Street, Contoocook, to the Board of Governors of the Community Center for the price of \$1.00 with the stipulation that should the building cease to function as a center for community activities, such as but not limited to Dial-a-ride and Senior Services, ownership would revert once more to the Town.

Mrs. Johnson stated that she would like to give a few more reasons why the Board of Governors would like ownership of the property. She stated the Community Center Board of Governors has been responsible and paid for all renovations on the inside of the building. They have been responsible and paid for all the equipment that is used in the building. An oral agreement at the beginning with the Board of Selectmen that the Board of Governors would take care of the inside and the Selectmen would take care of the outside. The Community Center had major improvements that have to be made right away. She noted that they are not asking for taxpayer dollars, they have permission from United Way to run a capital improvement/equipment drive to generate their own funds, hopefully from the people who use the Community Center. They have a serious wiring problem that must be fixed to protect the building. She stated that Dial-a-ride is a non-profit organization and if you amend it for them it should be amended for every non-profit organization that uses the center. The Board of Governors makes the policies that run the Center and it doesn't seem fair to ask the Selectmen to defend them. If there is a problem with one of the policies of the Board of Governors then come to them, not the Selectmen as they have plenty of other problems to deal with. She stated that the Community Center has grown to the extent that it is used daily, with back to back bookings. The Office of Community Recreation has told the Board of Governors that the Center has to be run almost like a business, but you're not. Organization of control and money are a must. It is harder to get funding and grants, you have to have good records for this. Her closing statement was that the Board of Governors is only trying to protect the Center so that the Town and all its people may use the building.

Mr. Hampe seconded Mr. Leadbeater's amendment to Article XVIII.

Mr. Killam stated that he really could not see the point of this amendment. The purpose of this Article is not to push any group out of the building. He stated that if there is a problem with any of the policies, they are urged to attend one of the Community Center meetings.

Mrs. Lewis stated that many years ago the Community Center was owned and operated by the Contoocook precinct. The building began to show great signs of disrepair. They felt at that time that in as much as the Town uses the Center, then perhaps it should be given to the Town. Mrs. Lewis could see no reason why the Town still can't own the Community Center. She felt that the Board of Governors have complete authority over it now, why does it have to change ownership. She felt it is in violation of the agreement that the Selectmen had with the Contoocook precinct.

The Moderator stated that this would be an appropriate time to announce Parliamentary announcement. It has been reported that certain people in the back were not recognized to speak on a timely basis. He stated that the chair will recognize anyone here, at any time they are in order to speak, but you must stand to get attention.

Mr. David DuFault asked why would it be good to transfer ownership. Mr. York replied that the Selectmen are becoming more and more involved with problems at the Community Center and this would take some of the work off the Selectmen.

Don Place asked if it would be appropriate to offer an amendment to the amendment. The Moderator declared it appropriate.

Mr. Place stated that it may be advantageous for the Community Center to have ownership for the purpose of attracting money, but it seems that the Town has little recourse unless the Center ceases as a community function. He felt that possibly there be an amendment to cover not only Dial-a-ride and Senior Services but all organizations.

Mr. Place offered an amendment to the amendment, stating that after the amendment so stated, he would like to insert, before the word ownership, or be judged by the Selectmen as not being operated in the best interest of the Town, then continue with ownership would revert once more to the Town.

The Moderator declared the amendment in order.

Discussion open on the amendment to the amendment.

Bud George asked if the Town could sell the Center. Mr. White replied that to his recollections, in the deed there is no stipulation that the Town cannot sell it.

Dick Hampe asked would it be more feasible to change from sell the property to lease the property, thereby the Town could then cancel the lease after expiration of it.

The Moderator stated that would not be in order at the moment but after they dispose of the amendment to the amendment at hand, it could then be an amendment.

Mr. Leadbeater stated that since the members of the Board of Governors are subject to change in the future, he would like to see Mr. Place's and his amendment written somewhere in the deed.

The Moderator declared that the amendment to Article XVIII should read after the word community activities, insert: such as but not limited to Dial-a-Ride and Senior Services, and Mr. Place's amendment to the amendment to read: after the word, Services, or be it judged by the Selectmen as not being operated in the best interest of the Town, ownership would revert once more to the Town.

Mr. Place's amendment is seconded by Mr. Johnson.

Amendment is adopted in the affirmative.

The Moderator stated that the question was now on the amendment offered by Mr. Leadbeater, as amended by Mr. Place.

Open for discussion.

Mr. French needed a point of clarification on the amendment to the amendment.

The Moderator called for a two minute recess so that Mr. Leadbeater could contemplate his amendment.

Mr. Leadbeater stated that he did not think that Mr. Place meant to say that if Dial-a-Ride and Senior Services voluntarily opted to move their location that it would negate the deal. Mr. Leadbeater made it clear that he certainly did not mean to say that in his amendment.

Mr. French asked if the intent of the original amendment would be satisfied without the specific reference to that particular organization, since the amendment that had just been passed speaks much more broadly and places the control for review of concerns into the hands of the Selectmen for all the users of the Community Center. If the original amender were to withdraw that section which specified one of the organizations, he feels that the amendment that had just passed would deal with the intent.

The Moderator stated that possibly it would be best to table the Article until after other Articles.

Mr. Leadbeater moved to table this Article. Seconded by Selectman York.

By a majority voice vote it was decided to lay the Article on the table, momentarily.

ARTICLE XIX: The following was offered by Mr. Roger Turcotte and moved its adoption, seconded by Selectman Toni Gray.

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town authorize the Selectmen to enter into the following land exchange agreement with Everett W. and Dorothy A. Stone, Route 103, Hopkinton.

The Town to deed to Mr. and Mrs. Stone a parcel of land measuring 100' by 88' abutting the rear, or westerly side, of their property. This parcel is part of a Town Forest, (formerly Nile E. Faust property) and was acquired by Tax Collector's Deed in 1978. In exchange the Stones will deed to the Town a piece of land commencing at the corner bound of the Town Forest on the westerly side of Route 103, and extending 15 feet northerly, then 17.55 feet to the existing boundary, thence easterly 12.42 feet to point of beginning. This exchange is subject to Planning and Zoning Board approval.

Open for discussion and amendment.

Selectman Toni Gray was recognized and stated what the Selectmen plan to do is to acquire from the Stones about 15' of frontage on Route 103, which will give the Town an access road to Town forest which will be used for logging and good Silviculture which abutts his rear lot line.

Article adopted in the affirmative.

ARTICLE XX: The following was offered by Mr. Bill Milne and moved its adoption, seconded by Selectman Stan White:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town will vote to authorize the Selectmen to enter into the following land exchange with HMC Corporation, Maple Street, Contoocook, HMC to deed to the Town, in perpetuity, a 30 feet wide easement running from Maple Street along the HMC southerly boundary to land owned by the Town and the site of the proposed Sewage Treatment Plant. In exchange the Town to deed to HMC 2.5 acres of land directly abutting their rear lot line, subject to approval by the Planning Board. Further, the Town will grant HMC the right of first refusal of the purchase of a further 2.7 acres adjoining and to the rear of the previously mentioned 2.5 acres.

Open for discussion.

Selectman Stan White was recognized and he stated that instead of swapping money with HMC they agreed to swap a 30' wide easement. It will be the road going back to the Sewage Treatment Plant. The Town would give HMC first refusal on 2.7 acres.

Article adopted in the affirmative.

Mr. Leadbeater moved to take from the table his amendment. The Moderator declared that in order.

Mr. Leadbeater asked if he were to withdraw his amendment that he offered, does that negate the amendment to his motion which Mr. Place offered and which was approved.

Mr. Hampe withdrew his second to Mr. Leadbeater's withdrawn amendment.

The Moderator stated that the question is now on Mr. Place's amendment. The Moderator ruled Mr. Leadbeater out of order. He stated that what must be done now, being he had voted with the prevailing side is to move to reconsider that vote. We will take it up again and maybe this can be straightened out.

Mr. Leadbeater moved to reconsider. Seconded by Mr. Place.

The Moderator stated that Mr. Leadbeater should now speak to the urgency of passing this reconsideration.

By a majority voice vote the reconsideration of Mr. Leadbeater was adopted.

Mr. Leadbeater offered the following amendment: In Article XVIII, after the words Community activities, insert; or be judged by the Selectmen as not being operated in the best interest of the Town, ownership would revert once more to the Town.

Seconded by Mr. Place.

Open for discussion.

Mr. Hampe offered an amendment to the amendment to strike Mr. Leadbeater's amendment in its entirety and substitute the following: Amend Article XVIII; by striking out in first line the word sell, and insert lease. Strike out everything after the words, of one dollar, and insert: provided that no lease shall be for in excess of a period of three years.

Mr. Killam stated that he would be perfectly happy with a lease.

No further discussion.

The Amendment to the Amendment by Mr. Hampe was adopted.

The Article adopted as amended.

ARTICLE XXI: The following was offered by Mr. Jack Prewitt and moved its adoption, seconded by Mr. York:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town designate the following Town-owned woodlots as Town Forests. The Aqueduct Road lot, 31± acres, located on Putney Hill; and the Intervale lot, 11± acres, located off Pine Street. Both lots are displayed on maps at the Town Hall and the Town Clerk's office.

Open for discussion.

Mr. Ron Klemarczyk a member of the Town Conservation Commission, stated that the 31 acre lot, which is actually the Post lot. It was designated as Town Forest last year but the Commission felt they would give it a more traditional name, after a tax delinquent. The 11 acre lot, is on a very good growing site and currently has a good stand of white pine, which will be maturing within 15-20 years. The Commission felt that although it is small in size it is a valuable woodlot.

No discussion.

Article adopted in the affirmative.

The Moderator recognized Mr. Harry Parker, who took the chair.

ARTICLE XXII: The following was offered by Mr. Alto and moved its adoption, seconded by Mr. White.

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town abandon a road running southwesterly from Route 103 to Putney Hill Road. This road was closed subject to Gates & Bars in 1980. Abandonment being subject to acquisition by the Town of necessary easements and permits required to enlarge and modify the existing entrance to Putney Hill Road on the southeasterly side of Route 103.

Open for discussion.

Mr. Phil Dunlap was recognized and stated that this was a subject at Town Meeting a year ago, where the prevailing sentiment was to close the road subject to Gates & Bars. He stated that it is an ineffective measure, but tolerable. The road is used as much in bad condition as much as good condition. The advocate now, who owns land on each side of the road would hope that it would be abandoned so it may be put in good repair and safe but for no one to use. Mr. Dunlap further stated that it is used as a haven for people who like to come to the top of the hill to procrastinate, refresh themselves and then do wheelies around that little triangle. He felt that is not always objectionable but at three or four in the morning it may be a little disconcerting. Mr. Dunlap, speaking for the Road Commissioner stated that the Road Commission finds that it would be equally safe if not safer to take some of the land that Mr. Dunlap presently owns on Rte. 103 in exchange for closing the road permanently, so that the road could be widened and vision improved.

Olive Moyer stated that she lives on Putney Hill Road and stated that she is opposed to closing that road. She stated that when you are traveling from Contoocook Village and you climb a long hill it is very hard to take the two sharp curves to make it further up the hill. She stated that you cannot see any cars coming up around the corner, because of the trees.

Mr. Dunlap stated that the road is closed now and it is unsafe he agreed. He felt that the vision could be improved if they cleared the triangle, which Mr. Dunlap is giving the Town the right to clear in return for not using the road which is closed subject to Gates & Bars. He stated that road should not be used now, and wondered what the liability would be if there was an injury there being it is closed subject to Gates & Bars. He referred to a school bus that passes over that road.

Joan Guardino asked Mr. Dunlap why it would be preferable to abandon the one access that emergency vehicles have to Putney Hill Road coming from Contoocook. She felt that the proper approach would be to correct this traffic hazard and then abandon the road. A fire truck coming from Contoocook cannot make that turn without backing around.

Selectman York replied that they would fix that approach before they close it. He stated that a plan has already been worked out so that a fire truck could make a safe turn coming from Contoocook.

Mr. Dunlap stated that the plan which he previously stated has been discussed with the Road Commission and the road planner and they feel it would be the best solution.

Mr. Leland Wilder stated since people are still using that road, he offered the following amendment to strike the word abandon, insert the word re-open and repair so that it would now read to see if the Town will vote to re-open and repair a road running southwesterly from Route 103 to Putney Hill Road.

Seconded by Betsey Wilder.

Sue Hare stated that there is no clear view at this time, she felt that if the Road department can widen the access and make it safe that would seem to be the most comfortable approach to Putney Hill Road.

Open for discussion.

Mr. Dunlap stated that the small triangle of land between this now opposed road and 103 virtually useless. At one time the Town collected about \$100.00 in taxes from the triangular piece of land and the land behind it. If this road is abandoned, there may be a legitimate basis for that kind of tax. Conceivably the western part of the land could be used for a building lot. He was told by the Selectmen that the Grandfather clause in Zoning would permit construction there, he felt that it would be an inappropriate place to construct because it would be too close to the road closed subject to Gates & Bars. He offered to the Town an easement to broaden access from Putney Hill Road which is a paved access and which meets the present day Highway standards for a state marked highway. He further stated that under present day Highway Dept. standards, he was told in no way would that road be approved.

Les Townes asked who owns the road closed subject to Gates & Bars. Selectman York replied that the Town owns it.

Mr. Leadbeater stated he lives between the proponents and the opponents. He stated that he had no objection to the proposition that Mr. Dunlap has offered. He felt that the proposition offered by Mr. Wilder presents a hazard, that has not been brought out, if the road is so improved that it would be traveled both toward and away from Contoocook, someone going toward Contoocook is apt to have a head on collision with someone stepping on the gas trying to climb the hill. If Mr. Wilder's amendment is adopted he feels that it should be made one way, heading toward the southwest.

Mr. Erick Leadbeater, stated that the Road Committee has looked at this situation and worked it out to their satisfaction, solving the Town, State and vision requirements. He advocated voting down Mr. Wilder's Amendment and take up with Mr. Dunlap's proposal.

The Moderator declared that the question is now on Mr. Wilder's Amendment. By a voice vote, Mr. Wilder's Amendment was defeated.

The Moderator declared that the vote would now be on the original Article as written.

No discussion.

Article adopted in the affirmative.

ARTICLE XXIII: The following was offered by Mrs. Maryann Lewis and moved its adoption, seconded by Mr. Charles Mitchell.

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town go on record in support of the adoption of a returnable container system for the State of New Hampshire. The record of the vote on this article shall be transmitted to the New Hampshire General Court. (This article submitted by petition).

Mrs. Lewis would like to move that this be adopted.

Mr. Charles Mitchell seconded it.

Mr. Owen asked if the offerer of the Article can move the question.

Mr. Parker replied no that is not proper procedure.

Open for discussion.

Mr. Bill Wallace asked if the intent here is that the Town go on record in support of this particular bill that is present before the legislative body or just to be in support of some kind of returnable container bill being passed.

The Moderator replied that the Town would go on record as being for or against the Article.

Mr. McIntyre asked if the petitioner would explain the Article.

Mrs. Lewis stated that as everyone knows from media coverage, there is a bottle bill before the legislature. Massachusetts, Connecticut, Maine have passed their bills, that leaves New Hampshire and Rhode Island. She asked for an expression from the Town so that she may vote in legislature, to support this bottle bill.

Mr. Dick Lord asked if the Town votes in the negative will Mrs. Lewis vote in the negative.

Mrs. Lewis will not comment.

Mr. Kashulines stated that he feels that this bill is a push and pull game between two representatives to the legislature in one Community. He sees the bottle bill as a design for cleaner roads and highways. Although he noted he sees much more on the roads than just beer and soda bottles. He felt that the litter bill would be more appropriate than the bottle bill, because it provides for someone to clean all the trash from the roads. It also eliminates the need to store returnable containers, he noted he does not have to room to store them at the Cracker Barrel Store. The litter bill also eliminates the need to handle any bottles other than soda and beer. He stated that it would be turning the stores into garbage dumps.

Mr. Byer felt that the bottle bill has been tested and worked. He stated that the litter bill has been repealed in 5 states, finding that the funding was not adequate. The popularity of the bottle bill increases after it is working. He read one paragraph from the Governor of Vermont's letter, stating the State's pleasure with the bill.

No further discussion.

The Article adopted in the affirmative.

Mr. Dunlap replaced Mr. Parker as Moderator.

ARTICLE XXIV: The following was offered by Mr. Leland Wilder and moved its adoption, seconded by Mr. Stan White:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town go on record in support of immediate actions by the Federal Government to control and reduce acid rain which is harmful to the environment and economy of Hopkinton, New Hampshire and to the health and welfare of the people of Hopkinton, New Hampshire. These actions shall include:

- A. Reduce by at least half the major cause of acid rain, sulfur dioxide emissions, by the year 1990.
- B. Conclude negotiations and adopt a treaty with the government of Canada that will commit both nations to this same goal.

The record of the vote on this Article shall be transmitted to the New Hampshire Congressional Delegations and to the President of the United States. (This Article submitted by petition).

Mrs. Gail Tuxill explained the problems of acid rain. She stated that the rain and snow falling on our State now is 40 times more acidic than normal. This comes from power plants in the Midwest. This acid rain is having a very real deterioration factor on the natural environment of the State. Can deteriorate man-made structures. Effects the growth of the State's forests. It is a health threat to drinking water supplies. These translate into economic costs to the State.

Open for discussion.

This Article adopted in the affirmative.

ARTICLE XXV: The following was offered by Mr. Derek Owen and moved its adoption, seconded by Mr. Lee Marden:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Citizens of Hopkinton ask members of the New Hampshire Congressional delegation to support or co-sponsor a resolution in the U. S. Congress to:

Request that the President of the U. S., to propose to the Soviet Union that the U. S. and the Soviet Union adopt a mutual freeze on the testing, production, and deployment of nuclear weapons and of missiles and new aircraft designed primarily to deliver nuclear weapons, with verification safeguards satisfactory to both countries. (This Article submitted by petition).

Mr. Walter Dwyer spoke in opposition to the resolution, stating that he did not feel this Article has any merit because the Russians have not kept their end of the bargain in past dealings with them.

Mr. Wells disagreed with Mr. Dwyer. He felt that the holocaust of the second World War would be nothing compared to a simple mistake, as a result of a detonation of a nuclear weapon. He feels it is an unexceptable form of weaponry in the world today. He strongly opposed the continuation of production and deployment of any more nuclear weapons.

Mr. Whitney felt that we have elected a president and officials to run this country. He feels we should not put upon our officials any curtailment to their actions.

No further discussion. The Article was defeated.

ARTICLE XXVI: The following was offered by Mrs. Irene Shepard and moved its adoption, seconded by Mr. Thomas Johnson:

Resolved by the Town of Hopkinton, in Town Meeting convened, that those members of the General Court duly elected by the voters of Hopkinton, New Hampshire be instructed to vote the wishes of the majority by voting for the comprehensive recycling and litter control act, which shall be proposed to become a New Hampshire statute during the present regular session of the New Hampshire legislature. (This Article submitted by petition).

Bill Wallace stated he has concerns over Town Meeting mandating over something that is just barely off the ground. No fiscal impact has really been determined and there haven't been any hearings on this, and he questioned how could the Town vote on this.

Mrs. Shepard responded to Dr. Wallace's concerns. All of the problems in any of the bills will be looked at closely in this session of the legislature.

Margaret Watkins moved to pass over Article XXVI. Mrs. Hare seconded it. Article passed over.

Leland Wilder moved that Articles XXVII through XXX be voted on in one resolution. The motion prevails.

ARTICLE XXVII: The following was offered by Mr. Clough and moved its adoption, seconded by Mr. Robert York:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town accept the Cemetery Trust Funds as enumerated in the Town Warrant and printed in Town Report.

ARTICLE XXVIII: The following was offered by Richard Lord and moved its adoption, seconded by Mr. Thomas Johnson:

Resolved by the Town of Hopkinton in Town Meeting convened, that the Town expend the income, during the current year, from the G. Everett Kelly Fund, one-half for the benefit of the Hopkinton Village Library and one-half for the benefit of Bates Library.

ARTICLE XXIX: The following was offered by Janet Krzyzaniak and moved its adoption, seconded by Lee Marden:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town accept additions to the principal of the following Trust Funds, subject to such provisions as may be applicable thereto:

NAME OF FUND:	
Glenn M. Haselton Memorial	\$100.00
Katherine Eaton Semple Memorial	\$ 50.00
Andrew J. Carroll Memorial	\$ 75.00

ARTICLE XXX: The following was offered by Olive Moyer and moved its adoption, seconded by Mr. Robert York:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town accept the sum of \$509.57, plus the interest to date, from the family and friends of Jessie H. Brown, with the income earned on the principal to be shared equally between the two libraries, for the purchase of books or special library needs that is over and above the annual operating budget of the libraries.

No discussion on the Articles. Articles adopted in the affirmative.

ARTICLE XXXI: The following was offered by Charles George, and moved its adoption, seconded by Mrs. Toni Gray:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town authorize the acceptance by the Trustees of Trust Funds the principal sum of Ten Thousand and no cents (\$10,000.00) from the Contoocook Cemetery Association, the income therefrom to be paid over to the Association on an annual basis. Also, the principal or any part thereof may be subject to withdrawal because of an emergency condition within the cemetery, such withdrawal to be with the approval of the Selectmen, Hopkinton Cemetery Trustees and the Trustees of the Trust Funds.

Mr. George stated that the Cemetery Association has had the pleasure of the services of Mrs. Jessie Brown, as secretary/treasurer since 1929 till she passed away a year ago. She took the money that came to the Association that accumulated to \$18,000.00. It was not realized that there was a savings account after she had passed away. He proposed to make capital improvements in the cemetery and the balance be put in a 10,000.00 C.D.

Article adopted in the affirmative.

ARTICLE XXXII: The following was offered by Thomas Johnson, Jr. and moved its adoption, seconded by Mr. Stan White:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town accept the sum of \$10,000.00 plus the interest to date, from the relatives of William C. and Doris E. Sterling, the income from which is to be used for Memorial Scholarships, available to graduates of Hopkinton High School who are pursuing a post-secondary education. The awards shall be known as William C. and Doris E. Sterling Memorial Scholarships and shall be made on a needs basis by a committee consisting of: the Headmaster of Hopkinton High School or his designee, a member of the School Board of the Town of Hopkinton or a designee of the Board and a Selectman of the Town of Hopkinton or a designee of the Board of Selectmen. Such scholarship awards may be made for a period of no longer than one year at a time, but may be renewed at the option of the committee and may not exceed the amount of tuition the recipient is required to pay. The scholarship selection committee and the trustees of trust funds shall also be guided by the guidelines for the scholarship fund supplied by the donor.

Open for discussion.

Thomas Johnson stated that he is in favor of the Article.

Article adopted in the affirmative.

ARTICLE XXXIII: The following was offered by Mr. Ed Leadbeater and moved its adoption, seconded by Mr. Thomas Johnson:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town authorize the Selectmen to borrow money in anticipation of the 1983 tax levy.

No discussion.

Article adopted in the affirmative.

ARTICLE XXXIV: The following was offered by Mr. Thomas Johnson and moved its adoption, seconded by Mr. Derek Owen:

Resolved by the Town of Hopkinton, in Town Meeting convened, that the Town act on reports of Town Officers, Trustees and Committees for the year 1982.

No discussion.

Article adopted in the affirmative.

ARTICLE XXXV: The following was offered by Mr. Thomas Johnson and moved its adoption, seconded by Toni Gray:

Resolved by the Town of Hopkinton, in Town Meeting convened, to hear and transact any other business that may legally come before the said meeting.

Mr. Robert York stated that he would like to show recognition to Mr. Victor Krzyzaniak who served 40 years with the Town Fire Department.

Mr. Roger Hanson, who lives on Riverside Drive on the back side of Riverside Drive. He stated that he has problems getting to his home three to four times per week, on a Town Road. He asked to pass an ordinance of no parking on the street, it is Town property.

The Moderator stated that the resolution would have to be printed in the Town Warrant before it can be acted upon.

The Moderator stated that Mr. and Mrs. Boyd Lofton would like to organize a Fourth of July Celebration, they request that any interested parties contact them.

Mrs. Hare stated that Mrs. Louise Wright was very ill this past winter, a group of people got together and purchased a video disc player and donated it to the library. She urged people to view it.

Mr. Richard Jackson stated that he was looking for a consensus of opinion of Article 16 which was passed over. It would effect the Village, ie; the parking lot in the Village to alleviate some of the parking problems.

The Moderator stated that it would not be in order to poll the house. It is not a warrant article. He stated that the people may give him their opinion as they are leaving.

Mr. Jackson stated that part of this problem is a reluctance on everyone's part to take responsibility to answer the question. The Moderator replied emphatically that this is not the proper procedure, it must be written in the warrant.

Lucille Gaskill moved to adjourn in honor of Jessie Brown, Arthur Duston and William and Doris Sterling.

The Moderator declared the Meeting adjourned at 11:05 P.M.

THOMAS H. JOHNSON, JR.

REPORT OF SPECIAL TOWN MEETING August 24, 1983

Moderator Philip S. Dunlap called the meeting to order and declared the polls to remain open for two hours after the reading of the Warrant, at 7:35 P.M. at the Hopkinton Town Hall.

Mr. Leadbeater lead the assembly in the Pledge of Alligience to the Flag.

ARTICLE I: Mr. Donald Houston offered Article I and moved its adoption, seconded by Mrs. Toni Gray:

I move that the Town vote to raise and appropriate the sum of \$800,000.00 to be added to the existing \$2,600,000.00 appropriation voted at the May 23, 1979 special Town Meeting, for a total appropriation of \$3,400,000.00 for the purpose of constructing sewerage and sewage treatment facilities which are required by the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.), and will qualify the Town for federal and state funds, such sum to be raised by the issuance of serial bonds or notes or temporary notes not to exceed \$3,400,000.00 (less the amount of any federal or state grants received by the Town for such project) pledging the full faith and credit of the Town under and in compliance with the provisions of the Municipal Finance Act, as amended (N.H. RSA 33:1 et seq.), and to authorize the Board of Selectmen to issue and negotiate such bonds, notes, or temporary notes and to have the discretion of fixing the date, maturities, denominations, the interest rate (or discount rate in the case of notes), the place of payment, the form, and other details of said bonds, notes, or temporary notes, and of providing for the sale thereof, and to take such other actions as may be necessary to effect the issuance, negotiation, sale, and delivery of such bonds, notes, or temporary notes as the Board of Selectmen shall determine to be in the best interests of the Town of Hopkinton, and to allow the Board of Selectmen to expend such monies as become available from the federal government and the state government for the project, and pass any vote relating thereto.

The Moderator declared Article I, open for discussion and/or amendment.
No amendment or discussion ensuing.

Mr. Leadbeater moved to appropriately terminate the discussion on Article I and move on to Article II, seconded by Mr. Stanley White.

The motion was unanimously adopted in the affirmative.

ARTICLE II: The following was offered by Mrs. Toni Gray who moved its adoption, seconded by Mr. Robert York:

I move that the Town vote to raise and appropriate the sum of \$300,000.00 for the purpose of constructing certain stormdrain lines, catch basins, and drain manholes in the Town as agent for the New Hampshire Department of Public Works, the entire cost of which construction will be paid to the Town by said Department of Public Works, and to authorize the Selectmen to take all such actions relative thereto as the Selectmen shall determine to be in the best interests of the Town of Hopkinton, and pass any vote relating thereto.

The Moderator declared Article II open for discussion and/or amendment.

There being no discussion or amendment the Article was adopted in the affirmative.

Voting continued by a yes/no ballot, until 9:35 P.M.

The Moderator declared the polls closed at 9:35 P.M.

With 70 votes needed to prevail, there were 105 votes cast:

Yes: 94

No: 11

Article I adopted.

CONTOOCCOOK VILLAGE PRECINCT

In late 1983 a new double 12" diameter water main was laid across the Contoocook River, upstream from the Main St. bridge. This was the first step in a major upgrading of water mains in the Contoocook Square area that will be completed concurrent with the new sewerage system in 1984.

A 12' x 20' addition to the Precinct building, at Georges Park, is being built to be used for an office and storage space. This will be used as a place for monthly committee meetings, and a place to store all precinct records. At the same time, the roof has been reshingled, and the exterior of the building will be completely repainted.

Approximately eight thousand feet of logs were cut and sold from the property around the chlorinator station on Spring St. Ext. This is part of a continuing program of timber management of all the land owned by the Contoocook Village Precinct at the chlorinator station and at Bear Pond. At this time a complete timber inventory and map have been completed, and plans are being made to establish woods roads and to make an initial timber harvest at Bear Pond. The timber management is being done under the direction of FORENCO, of Rumney, N. H., a professional forest management company.

There are now 425 water services being supplied by the Contoocook Village Precinct.

Respectfully submitted,

RICHARD A. COEN
NORMAN E. GREENLY
JON E. RICHARDSON
Precinct Commissioners

THE STATE OF NEW HAMPSHIRE
HOPKINTON SCHOOL DISTRICT

SCHOOL WARRANT

To the inhabitants of the School District in the Town of Hopkinton qualified to vote in district affairs:

You are hereby notified to meet at the Hopkinton High School Gymnasium on the twenty-second day of March, 1984, at 7:30 o'clock in the evening to take action upon the following subjects:

1. To see if the District will vote to _____ Dollars for the purpose of providing the following building improvements to the Hopkinton school facilities: (a) roof replacement at the Maple Street School, (b) roof replacement at the east classroom wing of the High School, (c) handicapped accessibility improvements at the High School consisting of an elevator and replacement of stair treads, and (d) energy conservation improvements at the High School and at Maple Street School consisting in part of a window replacement and window enclosures. To raise said sum of money by the issuance of bonds or serial notes of the District upon terms and conditions as established by the School Board and in accordance with the provisions of RSA 33 and further to appropriate to the purposes set forth in the bond issue any interest or income earned on the proceeds from the sale of the bonds or take any other action in relation thereto.

The total cost of this Bond Issue has not been determined at the time that printers deadlines required submission of this Warrant.

2. To see if the District will vote to appropriate the balance and any accumulated income of the capital reserve fund established by vote of the District at the 1981 annual meeting for the purpose of roof repair at the Maple Street School (Article VII) to the payment of the costs of repairing and replacing the roof at the Maple Street School, or take any other action in relation thereto.

3. To see if the District will vote to appropriate the balance and any accumulated income of the capital reserve fund established by vote of the District at the 1981 annual meeting for the purpose of roof repair at the High School (Article VIII) to the payment of the costs of repairing and replacing the roof of the High School, or to take any other action in relation thereto.

4. To choose agents, auditors or committees in relation to any subject embraced in the Warrant, or to take any other action in relation thereto.

5. To hear reports of agents, auditors, committees and officers chosen and to take any other action in relation thereto.

6. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of statutory obligations of the District, or to take any other action in relation thereto.

7. To see if the District will vote to raise and appropriate the sum of ten thousand dollars (\$10,000.00) as a Contingency Fund, or take any other action in relation thereto.

8. To see if the District will vote to authorize the School Board to apply for,

accept and expend without further action of the School District meeting, money from any source which becomes available during the fiscal year upon the following conditions:

- a) The money must be used for the legal purposes for which the School District can appropriate money.
- b) The School Board must hold a public hearing on the action taken.
- c) It shall not require the expenditure of additional School District funds.

This action is taken pursuant to the authority of RSA 198:20-b, or to take any other action in relation thereto.

9. To see if the District will vote to authorize the School Board, on its behalf, to enter into and bind the District to any requisite agreements with the District of Concord and the State Board of Education, so that the District will be enabled to participate in the Regional Vocational Educational Center Program conducted in the Concord School District serving Region II, this authorization to be limited to the 1984-85 school year, or to take any other action in relation thereto.

10. To transact any other business that may legally come before said meeting.

Given under our hands at said Hopkinton this day of February, 1984.

NOTE: This warrant is not official since it has been supplied to the printer prior to the closing date for petitioned warrant articles.

AUDITORS' REPORT

November 9, 1983

Hopkinton School Board
Hopkinton, New Hampshire School District
P.O. Box 516
Henniker, New Hampshire 03242

Members of the Board:

We have examined the financial statements of the various funds and account groups of the Hopkinton, New Hampshire School District for the year ended June 30, 1983 and have issued our report thereon, dated October 11, 1983. As part of our examination, we reviewed and tested the District's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing, and extent of other such auditing procedures that are necessary for expressing an opinion on the financial statements.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgement by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgement, carelessness, or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management with respect to the estimates and judgements required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

Our study and evaluation of the District's system of internal accounting control for the year would not necessarily disclose all weaknesses in the system. Such study and evaluation disclosed the following conditions which we believe are weaknesses.

PAYROLL DEDUCTION AUTHORIZATION

Our tests of the payroll system disclosed several instances where current payroll deduction authorizations were not on file. We suggest that the District review its policies for payroll deduction authorization and insure that all current deductions are in compliance with the policies.

TEMPORARY PERSONNEL

Our testing of the payroll system also revealed that temporary summer help are not subject to the internal control requirements of full time employees. We believe that the District has an excellent system of internal control over payroll and that all employees should be subjected to it regardless of status.

CONTRACTED SERVICES

We noted that in at least one instance the District purchased continuing services from an individual as an independent contractor. While we recognize that the distinction between contractor and employee is often nebulous, we strongly urge the District to consult with legal counsel and review its practices in this area.

FIXED ASSET ACCOUNTING

The District has not historically maintained accounting records for its investment in fixed assets but is currently engaged in a program to do so. We recognize that the establishment of fixed asset accounting records is a major undertaking and urge that the District continue its efforts to control the assets.

A letter of this type is critical by nature. We found many examples of sound business management practices during our engagement. We extend our thanks to the officials and employees of the Hopkinton, New Hampshire School District for their assistance during our audit.

Sincerely,

CAREY, VACHON & CLUKAY
Certified Public Accountants

REPORT OF THE HOPKINTON SCHOOL BOARD – 1983

In addition to the continuing review and improvement of curriculum and courses of study, a number of significant events and accomplishments have taken place during this school year.

Taking advantage of a generous arrangement offered by Digital Equipment Corporation, the high school was able to substantially upgrade its computer system with a multi-user software package and a many fold increase in data storage capacity. This year a number of additional terminals were put into operation allowing a larger number of students to use the facilities at the same time. In addition to its use in mathematics and computational science, the system is being used by the business department in using and teaching word processing.

In addition to the enhancement of the computer facility at the high school, two smaller personal class computers were put into operation at the elementary schools. The program has met with substantial success, both with students and interested community members. It is anticipated that the program at the elementary schools will be further enhanced with the addition of a number of like computers during the next school year.

Hopkinton was chosen as one of the schools to be visited by a committee made up of distinguished individuals addressing the question “does money make a difference in the quality of high school education”. While the results of their study are not yet available, Hopkinton’s school system received a number of favorable comments by several of the committee members during the visit.

To make the transition for students moving from the elementary school to the high school a smoother one, particular effort has been devoted to an orientation program for sixth graders. The program has been well received and there are a number of indicators of its success, including a drop in absenteeism.

Each year a number of students from the high school participate in the New England Regional Model United Nations meeting. During presidential election years the model U. N. gives way to a mock political convention. This year a convention will be held in Hopkinton; the participation and enthusiasm of students shows the awareness and interest in both national and world affairs.

Early this school year, the library in the Maple Street School was enlarged and improved. In addition to a 40 percent increase in library space, improved facilities for music instruction and special needs instruction were made available.

Respectfully submitted,

JOHN BOATWRIGHT

SUPERINTENDENT OF SCHOOLS

Annual Message

To the Citizens of the Hopkinton School District:

Seventy-five percent of the 1983 graduating class of Hopkinton High School have gone on to further their education. This is an outstanding and continuing accomplishment and a positive reflection upon School, Community and home.

The Hopkinton Schools are providing students with a top quality educational program. However, we are not resting on our considerable past accomplishments. Stimulated by the high expectations of the Hopkinton School Board, we are working hard to solidify and to improve our programs.

The Present

During the 1983/84 school year we have taken and will continue to take steps to maximize the amount and quality of instructional time of each student; have developed homework guidelines that will systematize our already strong efforts and are considering ways in which to develop an even more comprehensive study skills development program, for all students.

The initial exploratory steps are also being taken to develop plans for our elementary schools to participate in an evaluation program similar to that process that has been so beneficial to our high school. This program will require the support of the community and of all the professional staff. I am confident that the 2 year process of self-study and ultimate appraisal, by a select visiting team, will both confirm the substantial strengths of existing programs and point to new opportunities for success.

The Future

The 1984/85 proposed school district budget has not been finalized, at the time that this report is written. Neither has the collective bargaining process, which will determine the professional staff salary and fringe benefit structure, progressed far enough to determine the impact of its results upon the budget proposal.

However, I can assure you that great restraint is being exercised in the development of the budget. All areas of the budget are being subjected to careful analysis. I am confident that the School Board will again present a proposal that both assures a continuance of quality education and keeps the impact upon the taxpayer as reasonable as is possible. I am hopeful that the final version of this budget will include funds needed to increase art opportunities, provide for the implementation of a comprehensive study skills program, increased local funding for library staff and the implementation of the first phase of an elementary school evaluation study. Your support for these initiatives should result in an even stronger educational program.

1982-83

During the past school year, twenty-four staff members were the recipients of major distinctions. The Superintendent of Schools Awards for Continuing Contributions to the District were presented in 1983, to Sharon Baker, Marge Clarner, Shelley Lochhead, Doris Milne, Gus Moynihan, Gwennie Peters and Sandy Smart.

The following teachers were designated as Outstanding Teachers of the year, for 1982/83, based on the standards of the teacher evaluation system and were honored as representing the high quality of performance by the Hopkinton

professional staff; Sharon Baker, Ann Brown, Bill Egan, Pert Gaskill, David Kent, Sandra Keyes, Shelley Lochhead, Nancy Marden, Mary Minkler, Bob Paris, Wendy Wetterer and Janet Zellar.

Promising Education Practices Awards, for 1982/83 program and curriculum developments were made to: Judy Cavanaugh, Marge Clarner, Sharon Fox, Sandra Keyes, Bill Kulbacki, Roberta Nylander, Gwennie Peters, Marilyn Rogers, Wendy Wetterer, Janet Zellar and Pat Roberts.

These staff members are commended for their significant contributions to providing quality education to Hopkinton students. They are representative of our highly qualified, creative, dedicated and hard working professional staff. The teaching staff is a vital key to the continued success of our educational programs.

Your continued support for and interest in the Hopkinton Schools is of significant importance and is deeply appreciated.

Respectfully Submitted,

Thomas J. Watman
Superintendent of Schools

ANNUAL REPORT HOPKINTON ELEMENTARY SCHOOLS

Hopkinton Elementary Schools concluded their year June 17, 1983, by promoting to seventh grade the largest sixth grade (82 pupils) ever to progress through grade school classes. Their matriculation at Hopkinton High made room for the thirty-two new members enrolled during the course of the summer, excluding the kindergarten classes whom we had already anticipated in our enrollment figures.

Maple Street School was the center of excitement for pupils as the new year commenced on September 6. The kindergarten classroom had been moved to the main floor of the building, and the former kindergarten classroom had been magically transformed into a library fantasyland with new carpeting, new paint, additional new shelving and furniture, creating an aura of excitement and anticipation for all of us. The addition of the three Apple IIE computers and accessories, disseminated from the library into classrooms of both schools, has only added to the fervor.

New staff members this September were Janet VonReyn, kindergarten teacher at Maple Street School, Ann Blanchard, first grade teacher at the Harold Martin School and Jo Ann Paveglio, speech therapist for the District.

The current year has been titled "Year of the Pen" for Hopkinton pupils. Elementary and High School staff are charged with the task of assessing the current state of writing skills at every grade level. This will provide the information needed to assist teachers in developing a sequential and comprehensive writing curriculum, grades K-12.

The three mini computers have done little more than whet the appetite of elementary pupils. We intend to make the computer a viable learning tool by continuing to purchase computers and educationally proven software as quickly as is economically feasible.

Members of the Hopkinton School Board have appointed High School Math instructor Larry Bickford, District computer coordinator, to oversee the orderly growth of the computer program.

Our goal for next year is to add a minimum of eight mini computers between the two elementary schools, making one available at every grade level, with two for library and/or special use.

These computers, coupled with related equipment and materials, will comprise the single greatest increase in the elementary schools' instructional budget for the 1984-85 school year.

Respectfully submitted,

Malcolm A. Merrill
Principal

HOPKINTON HIGH SCHOOL'S PRINCIPAL'S REPORT

The 79th Annual Commencement Exercises were held on the front lawn of Hopkinton High School. There were sixty-four members in the Class of 1983. Seventy-eight percent enrolled in college, which includes sixty-five percent in four year and thirteen percent in two year colleges, two percent enlisted in the military and twenty percent joined the work force. Three of the members in the work force will enroll in college next year.

Current enrollment of students is: Grade 7, 90; Grade 8, 72; Grade 9, 65; Grade 10, 71; Grade 11, 65; and Grade 12, 70. The total enrollment is 433 students.

The high school administration continues the process of objective review of all significant aspects of school life as originated in reports starting in 1981. This school year, 1983/84, seven goals are being studied. They are: 1) the overall grade reporting system; 2) a comprehensive review of the Program of Studies in terms of curriculum offerings for all students; 3) increase utilization of computer; 4) increase pride in physical plant and grounds; 5) the basic academic subjects; 6) student activity program; 7) testing and reporting.

The Administrative Council will develop a position paper based on a consensus of each topic with the faculty, students, parents/community as well as other appropriate sources. A finalized report will be submitted to the Superintendent and the School Board.

The opening of school workshop for teachers featured "writing" as the main topic. We have established a Writing Committee of representative staff members to develop a consistent format for writing in each content area. Emerging are many fine writing assignments in every subject area. The Writing Committee will be of a standing nature in the high school.

In the rotation schedule for the German Exchange Program, it was the German students' turn to visit us. We welcomed twenty-six delightful students and two advisors for four weeks in October. The Foreign Exchange program continues to provide us with a sound and positive experience.

The Food Service Director expanded the lunch program to include a separate Snack Bar as an alternative to the single hot lunch platter. The offerings are nutritious and very popular with students and staff. The overall affect is an increase in participation and the total Food Program is now self-supporting.

The high school computer system has grown. We now have ten video terminals and two printers connected to the Digital PDP-11 "brain," all available for student use. Storage is on two 20 megabyte hard disks; new software includes Decword Word Processing and several subject programs written by teachers. Student written programs are also in progress. Early Spring, 1984 we plan to arrange an open house to demonstrate the total program and the complete computer system.

Our athletes have enjoyed successful seasons with several championship teams. The renewed spirit that is evident with students, staff, parents/community is most refreshing.

We need your support and participation as we strive to meet our goals to insure educational excellence.

Respectfully submitted,

Richard A. Alto
Principal

ENERGY REPORT

At the School District Meeting in March 1981, it was voted to appropriate \$12,000.00 to be spent for energy conservation in the three school buildings. A total of \$10,947.85 was expended in the 1981-1982 school year. The monies were used in the following manner:

100 gal. oil-fired hot water heater	\$ 2,669.55
3 new high efficiency oil burners	4,039.85
Contract to purchase heat controls	4,000.00
Phantom light tubes and electrical renovations	238.45

Total	\$10,947.85
-------	-------------

At the School District Meeting in 1982, \$20,000.00 was voted to be used for energy conservation. It was expended in the following manner:

Elementary energy vestibules	\$19,826.00
Architect design for vestibules	2,357.76
Energy studies for gymnasium	3,500.00

Total	\$25,683.76
-------	-------------

At the School District Meeting in 1983, \$20,000.00 was voted to be used for energy conservation. At the time of this report, no monies have actually been expended. However, it is projected that set backs for the thermostats will be purchased. Also, it is anticipated that an energy audit of both the High School and Maple Street School will be conducted.

**REPORT OF ANNUAL SCHOOL MEETING
HOPKINTON SCHOOL DISTRICT
March 10, 1983**

At the duly appointed time and place (March 8, 1983, Hopkinton Town Hall) School District Moderator, Gary B. Richardson read the warrant of the Hopkinton School District calling for the election of school district officers. Mr. Richardson then declared the polls open at 8:00 a.m. to remain open until 6:00 p.m.

In accordance with the duly posted warrant of the Hopkinton School District, the School District Moderator, Gary B. Richardson, called the annual meeting of said district to order at 7:30 p.m. March 10, 1983 at the Hopkinton High School Gymnasium.

Mrs. Wilder moved to waive the reading of the warrant; seconded by Mrs. Leadbeater. The Motion was adopted by the Meeting.

ARTICLE I

The Moderator recognized Mrs. Wilder who offered the following Motion, seconded by Mrs. Leadbeater:

I move that the District choose agents, auditors or committees in relation to any subject embraced in the Warrant.

The Motion was adopted by the Meeting.

ARTICLE II

The Moderator recognized Mrs. Wilder who offered the following Motion, seconded by Mrs. Leadbeater:

I move that reports of agents, auditors, committees, and officers be accepted as printed in the Annual Report.

The Motion was adopted by the Meeting.

ARTICLE III

The Moderator recognized Mrs. Wilder who offered the following Motion, seconded by Mrs. Leadbeater:

I move that the District vote to raise and appropriate the sum of two million six hundred fifty-nine thousand nine hundred and forty-two dollars (2,659,942.00) for the support of schools, the payment of salaries of School District Officials and agents and for payment of statutory obligations of the District.

The Moderator recognized Mrs. Gaskill who offered the following amendment:

I move to amend Article III by deleting the sum of \$2,659,942.00 and inserting in place thereof \$2,567,336.00. Mrs. Krzyzaniak seconded the Motion.

Considerable discussion ensued concerning the amendment.

Mr. York moved the question. Seconded by Mrs. Brochu.

Mrs. Krzyzaniak presented a written request signed by five additional citizens for a Yes/No ballot vote on Mrs. Gaskill's amendment. A Yes/No ballot being taken, the following resulted:

Yes	84	No	102	Spoiled	1
-----	----	----	-----	---------	---

After further discussion on Article III, Mr. York again moved the question, seconded by Mrs. Brochu.

Mrs. Krzyzaniak presented a written request signed by five additional citizens for a Yes/No ballot vote on Article III. The results of the ballot vote on Article III were as follows:

Yes	117	No	70
-----	-----	----	----

The Moderator declared Article III (\$2,659,942.00) adopted by the Meeting.

Mr. Craig requested and received recognition from the Moderator. Mr. Craig, stating he voted on the prevailing side, moved for reconsideration of Article III as adopted.

Mrs. Baker seconded the Motion.

The Motion was put to a voice vote and was defeated.

ARTICLE IV

The Moderator recognized Mrs. Wilder who offered the following Motion, seconded by Mrs. Leadbeater:

I move that the District vote to raise and appropriate the sum of ten thousand dollars (\$10,000.00) as a contingency fund.

The Motion was adopted by the meeting.

ARTICLE V

The Moderator recognized Mrs. Wilder who offered the following Motion, seconded by Mrs. Leadbeater:

I move that the District vote to raise and appropriate the sum of twenty thousand dollars (\$20,000.00) for the purpose of making building heating/electric modifications that will result in energy conservation.

Discussion and clarification of Article followed.

Mr. Hempe moved the question. Seconded by Mrs. Baker.

Article V was put to a voice vote and adopted in the affirmative.

ARTICLE VI

The Moderator recognized Mrs. Wilder who offered the following Motion, seconded by Mrs. Leadbeater:

I move that the District vote to raise and appropriate the sum of eighteen thousand dollars (\$18,000.00) for the purpose of repair and replacement of the roof of Hopkinton High School. The sum of eight thousand dollars (\$8,000.00) to be raised by taxation, and ten thousand dollars (\$10,000.00) and the interest thereon to be withdrawn from the High School roof repair and replacement capital reserve fund established for this purpose on March 12, 1981 and March 11, 1982.

Article VI was put to a voice vote and adopted.

ARTICLE VII

The Moderator recognized Mrs. Wilder who offered the following Motion, seconded by Mrs. Leadbeater:

I move that the District vote to raise and appropriate the sum of five thousand dollars (\$5,000.00) and to pay the same to the capital reserve fund established for the purpose of replacement of the Maple Street School roof and to confirm that said capital reserve fund has been established for the purpose of capital improvements, namely, the replacement of the roof at the Maple Street School building and not for the purposes of repair.

The Motion was put to a voice vote and adopted.

ARTICLE VIII

The Moderator recognized Mrs. Wilder who offered the following Motion, seconded by Mrs. Leadbeater:

I move that the District vote to raise and appropriate the sum of five thousand dollars (\$5,000.00) and to pay the same to the capital reserve fund established for the purpose of replacement of the High School roof, and to confirm that said capital reserve fund has been established for the purpose of capital improvements, namely, the replacement of the roof at the High School building and not for purposes of repair.

The Motion was put to a voice vote and adopted.

ARTICLE IX

The Moderator recognized Mrs. Wilder who offered the following Motion, seconded by Mrs. Leadbeater:

I move that the District vote to authorize the School Board to establish a committee to review:

a) Energy Conservation Measures to include but not restricted to; roof insulation and

replacement at the High School and Maple Street School, window replacement at the High School and heating system improvements, and

- b) Handicap Improvements including: exit and egress from all schools, installation of an elevator at the High School, hand rail extensions, etc., and to report to the District with recommendations at the next Annual Meeting.

The Motion was put to a voice vote and adopted.

ARTICLE X

The Moderator recognized Mrs. Wilder who offered the following Motion, seconded by Mrs. Leadbeater:

I move that the District vote, pursuant to RSA 198:20-b, to authorize the School Board to apply for, accept and expend, without further action of the School District Meeting, money from any source which becomes available during the fiscal year upon the following conditions:

- a) The money must be used for the legal purposes for which the School District can appropriate money.
- b) The School Board must hold a public hearing in connection with any proposed expenditure of funds.
- c) It shall not require the expenditure of additional School District funds.

The Motion was put to a voice vote and adopted.

ARTICLE XI

The Moderator recognized Mrs. Wilder who offered the following Motion, seconded by Mrs. Leadbeater:

I move that the District vote to authorize the School Board on its behalf, to enter into and bind the District to any requisite agreements with the District of Concord and the State Board of Education so that the District will be enabled to participate in the regional vocational education center program conducted in the Concord School District serving Region II, this authorization to be limited to the 1983-84 school year.

The Motion was put to a voice vote and adopted.

ARTICLE XII

The Moderator recognized Mrs. Wilder who offered the following Motion, seconded by Mrs. Leadbeater:

I move to transact any other business that may legally come before said meeting. There being no other business, the Motion was put to a voice vote and adopted.

The Moderator then proceeded to address the Meeting and announce the amount of money raised by this Meeting as follows:

The sum of \$2,659,942.00 under Article II for support of schools for the upcoming year. The sum of \$10,000.00 under Article IV as a Contingency Fund.

The sum of \$20,000.00 under Article V for energy conservation in the Hopkinton Schools.

The sum of \$18,000.00 under Article VI for the repair and replacement of the roof of Hopkinton High School. (\$8,000.00 from taxation, \$10,000.00 from Capital Reserve Fund.)

The sum of \$5,000.00 under Article VII as Capital Reserve for Maple Street School.

The sum of \$5,000.00 under Article VIII to the Capital Reserve Fund for Hopkinton High School.

The total sum raised by the Meeting was \$2,717,942.00.

Moderator Richardson announced to the Meeting the results of the 1983 election of School District Officers. A total of 2,312 votes were cast.

For Moderator:	Gary Richardson	676
	Scattered	16
For Clerk (Write ins):	Mary Ellen Card	103
	Scattered	31
For Treasurer:	Douglas H. Brown	703

For School Board:	John Bowen	336
	Sue Leadbeater	447

The Moderator then stated the following elected:

School Board (3 years:	Susan Leadbeater
Clerk (1 year):	Mary Ellen Card
Treasurer (1 year):	Douglas Brown
Moderator (1 year)	Gary Richardson

There being no further business to come before this Meeting, upon motion of Mrs. Wilder, the Meeting was adjourned at 9:48 p.m., whereupon duly elected officials of the District were administered their oaths of office by Moderator Richardson, with Mr. Richardson being administred his oath of office by Board Member, Mrs. Wilder.

Respectfully Submitted,

Mary Ellen Card, Clerk
Gary B. Richardson, Moderator
